WORLD-CLASS CLEAN | RR

THE PURSUIT OF EXCELLENCE

At Riccar, we are driven by one passion: making world-class vacuums. Where other companies fret over selling the most vacuums, Riccar puts emphasis on selling the most INCREDIBLE vacuums.

We focus on performance. We obsess over suction and airflow numbers. We agonize over tiny tweaks to the motors, fans and seals, seeking the most robust performance possible from each and every component we design. It's no wonder that a company completely obsessed with cleaning performance reinvented the way a vacuum cleans.
