Dear Potential Sponsor,

The Octavian Foundation for the Arts, or more simply The New Octavians, need your help! The New Octavians are looking for supporters to help fund our current and future programs.

The Octavian Foundation for the Arts is a non-profit performing arts academy in Hammond that offers music and theatre education, and community theatre. We strive to serve our community by promoting excellence in the arts, by supporting our fellow thespians, and by providing opportunities in the arts to all members of our community.

Did you know that students who participate in the arts tend to have higher grades in school than those who do not? These same students also tend to have fewer discipline problems. Did you know that participating in performing arts can help foster an atmosphere of belonging and tolerance for participants of all ages? Participating in the performing can help to build character and can change people's lives in meaningful ways, regardless of age.

The New Octavians offer both group and private lessons in piano, voice, dance, and theatre for students of all ages. We offer young elementary students the opportunity to experience musical theatre through a summer camp. Being an accredited community theatre organization, we offer both students and adults the opportunity to participate in theatrical productions of popular known titles in a real, working theater.

If you are as passionate about the performing arts as we are, you will realize that planning for the future is critical. With your help, we will continue to provide these unique opportunities for the young people of the Northshore. We need you now! Please invest in our community today. Any donation amount is very much appreciated, and we do offer sponsorship packages, as listed below. Donations can be made online through our website or by mail at our PO Box, both listed above. All donations are tax deductible, and receipts will be provided.

Thank you for taking the time to consider our request.

Best regards,

Brent A. Goodrich
Executive and Artistic Director
