

Utah ENA Liaison Program

The **Utah State Council** and Board of Directors recognize that there are many Emergency Nurses throughout the State of Utah. Many of our nurses work in various settings, including hospitals, emergency departments, free-standing emergency departments, and urgent care centers. Many of these facilities are in urban, suburban, and rural settings.

The **goal** of the **Utah ENA Liaison program** is to have at least **one** Utah ENA Member assigned to each healthcare facility within the state and be a liaison between the facility (where they practice) and the Utah ENA State Council.

The Utah ENA Liaison will **provide vital communication and updates to the facility** where they practice and provide professional perspectives and key insights through active participation in state council meetings. They will represent UT ENA and share ENA information with your department.

What are the Responsibilities?

- Hold an active ENA membership (*assigned to Utah State Council*) and reside in the state of Utah.
- Commit to attending at least 1 UT ENA meeting per quarter (most are on Zoom, but we typically hold at least 1 in-person meeting/year)
- Encourage your department to attend meetings (send meeting link, schedule a watch party or organize a carpool to a meeting, etc.)
- Promote ENA and UTENA Event(s) Materials provided (You can do this by posting on your department board, promoting members to utilize our website and social media, emailing, or word of mouth), discussing ENA with colleagues, and helping answer questions from interested parties/members.
- Once a month, provide updates (via email or text) to your assigned UTENA Board Member of progress and any challenges encountered.

What are the Benefits?

- Reimburse **25%** of an annual ENA membership
- Free registration to UTENA's Annual Conference
- Receive "Delegate points" to represent UTENA at the General Assembly during the National ENA Conference

The **term** for the liaison position is **one year**, with the option to reapply if the member wishes to continue in the role. Interested members must apply through the Utah State Council and be approved by the UT ENA Board of Directors. Members will receive a confirmation email with the status of their application within 5-7 days of receipt.
