OUR PURPOSE

We aim to build a community worthy of conversation. A conversation that starts amongst neighbors and builds a bridge to foster understanding and respect. Seniors 55 and older and single-parent households will benefit from affordable living. More so, residency is enriched because of their involvement in the community building programs and connections made with their neighbors. If you know someone that could benefit from living at our community, let us know. We are looking forward to making downtown Columbia City home.

AFFORDABLE LIVING

A household must meet income qualifications to qualify for residency. The income limits can be referenced at www.VanBurenFlats.com and are determined by taking the total number of persons in a household and comparing it to the AMI limits (Area Median Income) for Whitley County. If gross yearly household income is below the limits, a household is pre-qualified, pending further processing of their application. Housing Choice Vouchers are also accepted.
