# Message From The President

Mervyn Richardson  
President

A "Golden" 55th Anniversary Celebration

Fellow Nationals, former Nationals and Friends of Trinidad and Tobago, I bring you greetings from the board and members of Citizens and Friends of Trinidad and Tobago (CFTT). Furthermore, I extend my heartfelt appreciation for having the pleasure of your company this evening. Welcome to the 55th "Golden" Anniversary Celebration of the Republic of Trinidad and Tobago. Why Golden? Well, we are all honored by the gold medal won by the men's 4X400 meter relay team at the IAAF World Championship in London.

I am sure that you will appreciate the wonderful evening we have in store for you. Let's briefly reflect why we are celebrating this occasion. On August 31st, 1962, the late Dr. Eric Eustace Williams spearheaded Trinidad and Tobago to its independence from British Colonialism and Imperialism. In recognition of this historic event we commemorate the 55th anniversary of the independence of our twin island republic nation. On August 1st, 1976, fourteen years after independence, Trinidad and Tobago became a Republic. However, each year, the "Republic Day Celebration" is held on the 24th day of September because it was on this day when parliament met to ratify the Republican Constitution.

As we continue to reflect on the astounding history of our twin island-nations we recognize the efforts made by the founders of CFTT, Mr. Shariz Khan and the late Dr. Bernard Mahabir. This year marks the 21th anniversary of the founding of Citizens and Friends of Trinidad and Tobago Inc. Mr. Khan and Dr. Bernard founded CFTT in 1996. Both gentlemen were former nationals of Trinidad and Tobago. In their efforts to bring together community and service those in need, they were supported by departed cofounders Dr. Phillip Smith and Ms. Coreen Fields, RN.

The slogan for our organization is: "You Can Make A Difference In A Child's Life". Therefore, it is imperative that we build our membership roster with the Millennial generation. They are the individuals who are changing the work place and the world. I urge you all to join with us in upholding the legacy of the founders of the organization. CFTT's mission is to provide medical care to indigent children with serious health

National Anthem

Star Spangled Banner

Oh, say, can you see, by the dawn's  
 early light, What so proudly we hailed  
 at the twilight's last gleaming,  
 Whose broad stripes and bright stars,  
 through the perilous fight,  
 O'er the ramparts we watched, were  
 so gallantly streaming.  
 And the rocket's red glare, the bombs  
 bursting in air,  
 Gave proof through the night that our  
 flag was still there.  
 Oh say, does that star-spangled  
 banner yet wave  
 O'er the land of the free and the home  
 of the brave.

## Trinidad and Tobago

### National Anthem

Forged from the love of Liberty  
In the fires of hope and prayer  
With boundless faith in our destiny  
We solemnly declare.

Side by side we stand  
Islands of the Blue Caribbean Sea,  
This our native land  
We pledge our lives to thee.

Here every creed and race find an equal place,  
And may God bless our nation

Here every creed and race find an equal place,  
And may God bless our nation.

**Micah Nesbitt**

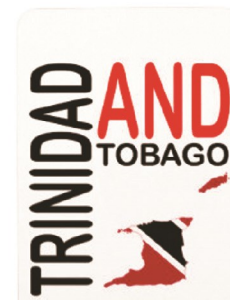

My name is Micah Nesbitt. I was born and raised in Carson, California. I'm the only child of Michelle Allen and Clement Nesbitt. I received my earlier education at Leapwood Elementary school. After graduation, I relocated to Hawthorne. I graduated Leuzinger High school on June 8th, 2017.

While growing up I always had a good sense of humor and always performed at family gatherings. I participated at CFTT's events by doing two skits, twisty and twirly with my close cousin Irvin Samuel. I also participated with BASC, winning their ugly sweater contest and I once played one of the prime ministers of Barbados in a BASC play.

Now that I've completed high school, I will pursue my dream of becoming an entertainer. My future goal is to have a successful YouTube channel that will bring laughs and joy to others. My career path will begin this fall at El Camino College in Torrance. Later, I plan to transfer to a university which specializes in animation and graphic design.

English poet, John Donne famously wrote, "No man is an island" with that I'd like to thank, Michelle Allen, Clement Nesbitt, Jackie Moultrie, Lydia Nesbitt Samuel, Vincent Samuel, and Christaley Nesbitt for giving me all the support and unconditional love throughout the years and helping me become the person I am today.

## **COREEN FIELDS ACADEMIC ACHIEVEMENT AWARD Anita Christina Bastian**

Anita was born on January 27, 1983, on the beautiful island of St. Croix in the U.S. Virgin Islands. Due to her mother's illness, Anita was raised by her aunt and grandmother at a young age. While in their care, she learned the importance of respect, hard work, and faith in God. Anita loved spending time with her family and friends especially during holidays and special occasions. One of her favorite moments were going horseback riding which she enjoyed going with her beloved father.

In June of 2000, Anita graduated from the St. Croix Central High School where she received her high school diploma. Several weeks after graduation she accepted a summer internship at the Virgin Islands Water and Power Authority. At the completion of the internship, one of her managers referred her for a contract position working in the Electrical Distribution department as a Clerk Dispatcher where she accepted.

From there she enrolled at the University of the Virgin Islands where she hoped to earn a degree computer information systems. A few years after she was hired permanently in the Water Distribution department where she gained lots of work experience and tremendous work ethic. However, between juggling a full course load and long crazy work hours, she decided to put her education on hold promising to return and complete her studies. Over ten years had passed, and Anita became frustrated with the direction her career path was heading. She sought other opportunities within the company, but after countless job interviews and disappointing letters, Anita soon realized the importance of a college education. She needed to rebrand herself and change the course of her career path to become more marketable in today's workforce. In January 2014, Anita enrolled at Ashford University where she majored in Business Administration. After many long days and countless sleepless in January 2017, she completed her studies and recently attended the recent 2017 Spring Commencement in San Diego, CA.

Anita now sees the future much more different than she did ten years ago. She is hoping to start her Master's in Business Administration this fall and is ready for the challenge. If you were to ask her for advice on making a change and starting over, she would say, "I now understand the importance of a college education. Having quality work ethics will only get you so far especially how fast our society has changed. A degree separates you from the rest because it shows that you have invested in yourself and your brand as a knowledge professional ready to get the job done."

**Keron Adams**

Keron Adams is a native of Trinidad and Tobago, currently residing in Los Angeles, California. As a young adult growing up in Trinidad, Keron was always a proactive leader in sports and many small business ventures. It seemed as if he was born with a strong determination for success. He migrated to the United States 2005 and worked hard to achieve his goal of being a college graduate. He graduated from

Pittsburg Technical Institute in 2007 with a Science degree in information technology and a concentration in network security and computer forensics.

Now an educated, determined and goal oriented man, he moved to Los Angeles in pursuit of greater accomplishments. It was his move to Los Angeles in 2007 that sparked the beginning of his legacy.

He has always had a profound love and passion for his Caribbean culture. In 2010 he started Regulaz Entertainment, a non-profit organization, solely for charitable, educational and cultural entertainment purposes. The start of this venture allowed him to work alongside many well-known Caribbean and international Celebrities, Artist, DJs, public figures and many city officials. Regulaz Entertainment, allowed him to build substantial relationships and gave him the confidence needed to continue sharing a part of his Caribbean heritage with the world. His continued love for culture and diversity, only fueled his goal of starting a Caribbean Carnival in the heart of Hollywood, California. He noticed the cultural diversity present in the Los Angeles area, but also noticed the absence of celebrations of that cultural diversity. With that in mind, he wanted to introduce an innovative concept to the city of Los Angeles. He thought, "How amazing would it be to bring together the many cultures, to one place at one time to celebrate the one thing that we all have in common yet it makes us all unique; Culture and diversity.

He did just that in 2012 when he started the first annual Hollywood Carnival, now branded, The Los Angeles Culture Festival, "expressing the cultures of culture and freedom of the world as one people."

On 55 Years of Independence**

It all started as a dream, followed by hard work, consistency and a dedication. Keron and his team continues to work hard to raise cultural awareness. The Carnival is now in its 6th year and continues to grow tremendously each year. The festival has attracted many local and international celebrities, some of the world's top DJs, artist, 5000 parade participants and over 10,000 spectators.

It's only the beginning Keron says, His goal is to make Hollywood Carnival the best carnival in the United States. He plans on accomplishing that goal by living and mimicking the business philosophy: "I believe in asking important questions: is there another way? What if, Why can't We? Success doesn't come from just spending more money, it comes from taking a fresh approach to what you already have."

Determined, dedicated, and consistent describes Mr. Keron Adams. With those qualities, he is destined for greater accomplishments and is on a path to creating a momentous legacy.

Professor Frank De Gourville**

Professor Frank DeGourville was born in Trinidad, W.I. in a small southern town called Siparia. He migrated to the United States of America in 1969 and lived in the small town of Hartford, Connecticut.

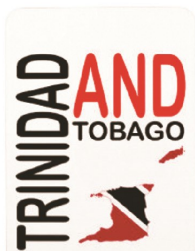

While in Hartford, Professor DeGourville continued his devoted martial arts training under the guidance of Master Muhammad Shabazz.

In 1976, Professor DeGourville relocated to Los Angeles where he elevated his training in martial arts to a higher level. Finally, in 1978 the Professor opened a martial arts studio with his business partner Sam Sherman.

The Professor competed in many karate championship tournaments winning both California and Nevada state championships. His dedication to training in martial arts afforded him many opportunities such as working with the Los Angeles Police Department as a Line Reserve Officer for 23 years and becoming one of the first Certified Arrest and Control Self-Defense instructors.

Professor DeGourville received a PhD. MA.D.Sc and was inducted in the USA Martial Arts Hall of Fame in 2011 under Dr. Jim Thomas. He now dedicates his teaching and knowledge to training at-risk inner-city youth through the Rampart Police PAL Program as well as the Challengers Boys and Girls Club in South Central Los Angeles.

Because of the discipline and more advanced nature of his designed martial arts training, over 60 percent of his black belt students have been awarded scholarships to IVY LEAGUE colleges throughout the USA. Professor DeGourville's program is used as a vehicle to promote good physical health and wellness both mentally and spiritually to all his students.

## **CFTT OUTSTANDING ACHIEVEMENT AWARD (GUEST OF HONOR) Amentha V. Dymally**

A graduate of UCLA in film studies and English, Amentha Viola Dymally was born July 27, 1934 in New York, New York to the late Vivian Viola Manley (a hat check girl at the famous Savoy Ballroom in Harlem and later a retired seamstress) who migrated from North Carolina, and the late Alban Isaacs (a retired mailroom clerk at the prestigious Research Institute of America), an immigrant from Trinidad, West Indies.

Before being legally adopted by her mother's husband the late Charles Wilkes (a retired postal worker), affectionately know as Daddybugs, Amentha spent her early years with her Trini grandmother, Mrs. Isaacs about whom she has written and is seeking production funding for a screenplay, "The West Indians." As a little girl, Amentha and her parents lived in Harlem on 127th Street and St. Nicholas where she played on the stoop with her childhood friend the late California State Senator Teresa Hughes.

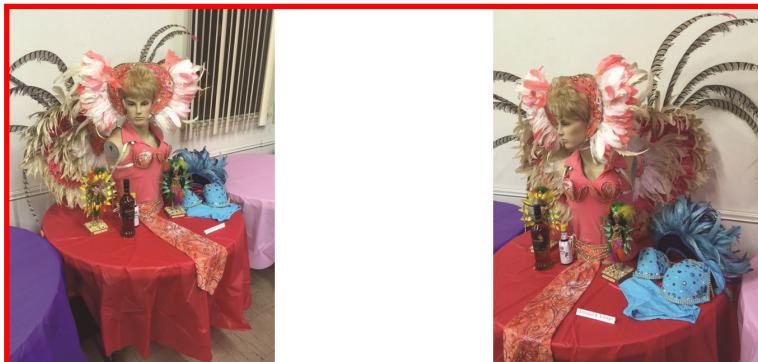

In the mid 1940's when she was ten years old, Amentha's mother and Aunt Ethel made the bold decision to leave Harlem, NY, without Daddybugs, and travel by train to sunny Los Angeles, California where Amentha took root and attended catholic and public schools and became best friends with Nellie. When it was time for Amentha and Nellie to enter high school, the girls travelled to the Blue Ridge Mountains of Virginia to attend St. Francis de Sales, an all girls Catholic boarding school which sat atop a hill overlooking the James River in Castle Rock. Amentha finished her last year of high school and graduated from Fremont High in Los Angeles.

Upon graduation from high school Amentha began working for the telephone company and started attending Los Angeles City College (LACC). She became a cheerleader and soon met the late Mervyn M. Dymally who was attending California State University, Los Angeles that shared a campus with LACC. Intrigued by his accent and her stunning beauty, Mervyn and Amentha discovered their shared Trini heritage, married, purchased a home in the West Adams Historical neighborhood (where she still resides to this day), and had two beautiful and brilliant children – Mark and Lynn. Amentha put her college studies on hold to work full-time to help Mervyn bring his brothers, sisters, nieces, and nephews to the United States to pursue educational opportunities and the American Dream along with financially assisting Mervyn's

and the American Dream along with financially assisting Mervyn's mother in Trinidad to build a home with modern conveniences. More significantly, before divorcing, Amentha supported and is responsible for Mervyn's initial efforts to become a Black American political icon.

In the early 1960's, Amentha pursued her dreams of becoming an actor. Successful in her own right, Amentha's Hollywood career began with roles in "Sweet Jesus, Preacher Man" (1972), "Letters From Three Lovers" (ABC, 1973-74) and the drama "Coma" (1978). She went on to act in "Son Rise: A Miracle of Love" (1978-79), "Ally McBeal" (Fox, 1997-2002) and "Any Day Now" (Lifetime, 1998-2002). She also appeared in "The District" (CBS, 2000-04) and acted in the drama "Baby Boy" (2001) with Tyrese Gibson. More recently, she played a feature role in a TV One movie "Welcome to the Family" (2015) and will appear in Marlon Wayans's new sitcom "Marlon" on NBC (August 2017). She has an extensive and impressive theatre repertoire and has performed the lead role in the Delaney Sisters story "Having Our Say" which toured the country at the Historically Black Colleges and Universities. Amentha has received several NAACP theatre awards for Best Supporting Actress in "Neva's Tale" and "Steal Away."

An advocate of higher education, at the age of forty, when her children were away at college, Amentha returned to college and achieved her life long goal of earning a Bachelors of Arts degree. Having never remarried, at the age of 83 yrs., Amentha is still vibrant and active in the arts, has exceptional Trini/American culinary skills, and is the proud grandmother to Miya, Christian, and Cameron, great grandmother to Xavier, and big sister to Rodney, Bertram, Paula, Nadine, Wayne, Deidre, and the late Anthony.
