# ABOUT US

Bluemont Sanctuary is a 501(c)3 Non-Profit Organization located in beautiful Colts Neck, New Jersey. Bluemont's story began in 2019 and has quickly grown into an organization that now provides a permanent residence to over 40 horses, donkeys ponies and goats who have been saved from slaughter, neglect, and abuse.

Bluemont's business model is one of permanence, every rescue that walks through the barn doors, stays for life.

Regardless of an animal's age or medical conditions, the goal is to provide each one with a soft landing, which includes acres to roam, plenty of hay to eat, any medications that they need, and a herd and family to call their own. Under this model, every animal gets to live as naturally as possible and will never be adopted out, ridden, or used in any way. Never again will they be subjected to the hard life that they once knew.

# ABOUT BLUEMONT

In addition to caring for the animals at Bluemont, the sanctuary founders also assist other rescues as well as law enforcement with larger neglect cases. In the last 3 years alone, they've assisted with four massive neglect cases (both locally and nationally) to help find safe, permanent homes for over 150 horses.

Bluemont started out as a family run operation and has grown to include 4 part-time employees, and close to sixty volunteers ranging from age 8-82. Of these we have many veterans and first responders who not only help the animals of Bluemont but find peace for themselves at the sanctuary.

We also work with various local groups including the Boy Scouts and Girl Scouts of America. Volunteer Days with businesses like Gladstone Bank and BlackRock Financial. We have a partnership with Operation Hope who uses our sanctuary as a location to host equine therapy sessions tailored to veterans, first responders and children.

## ACCREDITATIONS

Our Online Following of over 45K followers on Instagram. This is our place to educate, advocate but also brighten people's days as they follow the journeys and lives of our residents.

## SUPPORT BLUEMONT'S ANNUAL GALA

- Bluemont is closed to the public and their model is strictly to operate as a sanctuary to care for the animals.
- However, Bluemont hosts about a dozen onsite events each calendar year to both fundraise for the non-profit and offer people the chance to see – interact and learn about our animals.
- In addition, our Annual Gala is our biggest event each year and we would be honored for any support.
- Questions or to contact please email [BluemontSanctuary@Gmail.com](mailto:BluemontSanctuary@Gmail.com)
