

# ABOUT US

Bluemont Sanctuary is a 501©3 Non-Profit Organization that provides a permanent residence to at risk, neglected, and forgotten animals. What started with a single horse needing a second chance at life, without the expectation of performance or work, has grown into over 40 equines (horses, donkeys, and ponies), that have been saved from slaughter, neglect, and abuse. Bluemont Sanctuary has also expanded into other programs, such as housing barn cats and goats.

## ACCREDITATIONS

**1) Nationally recognized 501(c)3 and Platinum Seal Rated on GuideStar. (The highest rating achievable for Non-Profit transparency)**

**2) Member of the EQUUS Foundation as a Guardian (Largest National Animal Welfare Organization for Horses)**

**3) Accredited by the Global Federation of Animal Sanctuaries**

## OUR MISSION

Our mission is one of permanence; every rescue that walks through the barn doors stays for life. Regardless of an animal's age or medical conditions, the goal is to provide each one with a soft landing, which includes acres to roam, excellent individualized nutrition, consistent and ongoing supplementary and medical care to ensure optimal health, and a herd and family to call their own. Bluemont Sanctuary is home to several bonded pairs, as well as mothers and babies, who live their lives together in safety. Under this model, every animal gets to live as naturally as possible and will never be adopted out, ridden, or used in any way.

## COMMUNITY INITIATIVES

In addition to caring for the animals at Bluemont, the sanctuary also aims to affect change outside of its walls. We aim to both advocate and educate through a number of speaking forums, community partnerships, and education via social media to our over 80k followers. We also consult, advise, and help network those people who are looking to rescue an animal of their own or conversely, are looking to place an animal due to their circumstances.

## BLUEMONT & BEYOND

In addition to providing a permanent home to animals we rescue, we also work with both other sanctuaries, as well as law enforcement, on larger neglect cases, both locally and nationally. Over the last few years, Bluemont Sanctuary has helped home over 400 animals through those scenarios.

# OUR VALUED PARTNERS

Today, Bluemont Sanctuary has over 80 resident animals and over 60 volunteers. Within these volunteers, there are many veterans and first responders who not only help the animals of Bluemont but find peace for themselves at the sanctuary. Bluemont Sanctuary also partners with Operation Hope.

Operation Hope offers mental health services through equine therapy sessions tailored to veterans, first responders, and children. Their sessions consist of unriden and pure natural interactions between people and horses, such as grooming, giving treats, and simply being together.

Bluemont Sanctuary is proud to partner with another organization like Operation Hope, providing access to the sanctuary and its animals for the betterment of the community.

# CONNECT WITH US

Learn more about Bluemont at [www.BluemontSanctuary.com](http://www.BluemontSanctuary.com) and follow our Instagram, where we post daily updates about our residents and life on the farm.

Our online audience includes over 80K followers on Social Media. This is our place to educate, advocate, and brighten people's days as they follow the journeys and lives of our residents.

## SUPPORT BLUEMONT SANCTUARY

- Bluemont is closed to the public and our model is strictly to operate as a sanctuary to care for the animals.
- As a nonprofit, all donations are tax deductible and go to the care and support of our residents. Donations can be made through Venmo/PayPal/Check or Zelle.
- Sponsors are a key to our operations. A variety of sponsorships can be set up by visiting [bluemontsanctuary.com/support](http://bluemontsanctuary.com/support).
