## Architectural Review Application

The governing documents for the Wynfield Estates Homeowners Association require that changes or alterations made to the exterior of any home or lot be approved by the Association's Architectural Review Committee prior to construction or installation. Changes or alterations include items such as basketball goals, play structures, patio covers, arbors, storage sheds, room additions, paint colors, grade and hardscape changes, antennae, storm doors and windows, and solar screens. More complete information may be found in the Association's Declarations of Covenants, conditions and Restrictions (DCCR's). Applications will be approved or denied based on compliance with these Guidelines. The governing documents also give the Association the authority to have the homeowner remove any improvements on the property which have not been approved by the Committee.

To request approval, please provide as much information as possible about the external physical characteristics (size, color, general appearance) and location (in relation to your home and property lines) of the proposed change. Modifications such as room additions will require architectural drawings. Incomplete applications will not be accepted for review. The following form is intended to serve as a guide in obtaining the necessary information. Additional pages may be attached as needed.
