

# Custom Bar Inquiry Form

- How many guests are you expecting?
- What day/time is the event?
- Are there any specific drinks you want/don't want?
- Do you have a designated bar area for the event? Typically, I use a table in front of me, and to the back of me. If you don't have two tables available, I can bring my own! Please let me know if I will be indoor, outdoor, under a tent, etc., so I can plan accordingly.
- Do you plan on having beer, sodas, waters, juices, etc.? Do you want me to serve all beverages, or just the alcoholic ones?

## Bar Information

- I have a 3 hour minimum **plus** a mandatory 30 minute set up and 30 minute clean up hour added to every event. This is to ensure a clean and efficient service as well as a smooth conclusion to your event :)
- For a standard open bar my hourly rate is \$50. I also offer specialty bars and my rate goes up according to the services provided.
- I do not provide **any** alcohol. This allows me to keep my costs down, as well as my customer's expenses. I am NOT licensed to sell alcohol, but I am a licensed bartender/Basset certified!
- Please note that unless added to your package, I will not be bringing any mixers, garnishes, ice, cups, serving utensils, etc. I do, however, come with all necessary equipment to make delicious drinks! (Not including a blender)

- I have a few cloth cooler bags I can bring with for water bottles, sodas, and beers, if requested. These items are sometimes kept separate from the bar and are free to be grabbed by guests as they please. Other times they are kept behind the bar, & I will serve all beverages! Totally up to you.
