

December

St. Joseph Parish School

A Note From Mrs. Makruski

The Advent season is upon us and there are so many ways for us to build relationships and find Jesus among us this month. Please be sure to check the school website for info. and updates! SJS, along with the PSR program, has also launched an Advent prayer bead project. Be on the lookout for a set of prayer beads to come home with students. Recordings of SJS and PSR students are available on the school website to guide you through praying with the beads each day of Advent!
