

Summer Sendoff!

Let me start by saying how proud I am of everyone who finished the school year successfully! Our students, parents, guardians, teachers, and staff have done an exceptional job navigating an unconventional year, to say the least! We already knew we could do hard things, but WOW did we prove it tenfold in the last 18 months. I am already excited to start the new school year, but know I will be thinking about all of you this summer! I will miss...

Your stories - your jokes -  
your hugs and smiles - your laughter - your out-of-the-box thinking - your ideas - your  
voice reading out loud - your willingness to try new things - your face when you  
accomplish a goal - your kindness - your friendships - your imagination - your creativity -  
our classroom family.

Have a safe and FUN summer!  
- Miss Mullins
