Design a Family Ornament

This year, SJS will have a Christmas Tree on display near the school office and it will be our *School Family Christmas Tree*.

On this tree, we would like to feature handmade/homemade ornaments that feature the families in our school.

If you'd like to have your family represented on our tree, please do the following:

- As a family, discuss some things that are important to you, some traditions you have, or some ways you can represent your family in words or pictures**
- Design your ornament- think about what you'd like to include, what you'd like to make it out of, etc.**
- Create/make your ornament: Be sure it is able to be transported from home to school, that there is a way to hang it on the tree, and that it is labeled in some way with your family name**
- Send your ornament in with your student or stop by the office to drop it off.**

The goal date to bring your ornament in is the week of December 1st, but we will take them anytime you have it ready!

Ornaments from this year will be sent back home in January and you can save them for next year to reuse or make adjustments/redesign for our tree once again.
