SJS CARE CLOSET

Dedicated to our Friend- ***Robin Hunker***- Who always made sure that everyone in our school community had what they needed.

The SJS Care Closet is built on our core belief that

"Every person is a gift from God."

When we have our needs met, we have more space free to grow, explore, and learn. This closet is here to help all students, parents, and family members to feel like the best versions of themselves.

If your family ever needs anything, please feel free to stop in and use our care closet. It is located in the school office and is here for everyone!
