

Say NO to Plastic

Plastic containers, of any kind, present a threat to the environ-

ment. The manufacturing process used to produce plastic produces 10 times more ozone-destroying CO₂ than is captured from recycling the containers.

Water Bottles

Eliminate buying drinking water in plastic bottles. Drink filtered water instead.

Both plastic and paper shopping bags are a threat to the environment. Use a reusable cloth bag.

Shopping Bags

Food and other plastic containers The next time you shop, pay attention to all the products you buy in plastic containers and bags.
