Our Professional Development sessions are suitable for K-12 French teachers (Core, FL, Extended), and use the Interactive Comprehensive Roadmap to French Proficiency as a starting point.

The strategies which will be shared are evidence-based and backed by research across the 5 sciences: neuroscience, sociology, psychology, physiology and anthropology. Each session leaves teachers with happy minds and hands full of resources and tools that they can use the very next day in class.

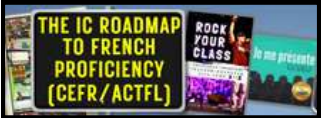

Partnering with Rock Your Class will allow you to bring these strategies to educators over a 1-3 year plan, meaning we can cater to the needs of your district or school.

All sessions have been carefully curated to address, cover, and adhere to:

- The Common European Framework of Reference (CEFR)
- The Action-Oriented Approach
- The Live French... Learn French method
- ACTFL Standards (USA)
- Social Emotional Learning (SEL)
- School District, Provincial, State or National Curriculum Expectations
- School District improvement plans or mission statements
- Universal Design for Learning (UDL)
- Differentiated Instruction (DI)
- Diversity, Equity and Inclusion
- Understanding By Design (UBD, backwards-design, project oriented learning)
- Split-level classes
- Split-abilities classes
- Students with IEPs

Full-Day, Half-Day, One-Hour Keynote/Workshop Options	
<p>The Interactive Comprehensive (IC) Roadmap to French Proficiency</p> 	<p>Guide educators on the use of the Roadmap to French Proficiency using the Action-Oriented Approach. This interactive and comprehensive roadmap uses research-based strategies to bring FSL to life for students. Through challenges and projects to gradually build competency across all strands, students will engage with French at a “just-right”, and engaging pace.</p> <p>Teachers receive the book ROCK YOUR CLASS (RYC) and a comprehensive package of tools and resources.</p>
<p>Rock Your French Reading</p> 	<p>Science of Reading has equipped students with the ability to read. Now what? Experience 29 research-based reading strategies that will immerse students in authentic, spontaneous and fun reading, diving deeper into reading than they ever have before.</p> <p>Teachers will receive a copy of the best-seller “The Interactive Comprehensive READERS’ PLAYBOOK.”</p>
<p>Rock Your French Speaking</p> 	<p>Life provides many authentic ways to get students spontaneously speaking in French. Let’s put on our teacher and student hats and dive into full practice of authentic, real-life best strategies that get students engaging in French from the beginning to the end of class (and beyond) those four walls. Teachers will receive a “Rock Your Class” magic pen and the “Les couleurs” and “1-2-3 Cochon” French Mission templates.</p>
<p>Rock Your French Listening</p> 	<p>Students need to hear more than just their teacher's French voice. Experience opportunities for students to engage in learning with a variety of French voices and tasks. Teachers will receive and engage with a package of listening tools and resources to get students listening in French hear and now!</p>
<p>Rock Your French Writing</p> 	<p>Get “write” to the point! Experience authentic writing activities that engage all students from beginner level (the alphabet and writing dates) to the novice level (making lists, filling out registration forms) and beyond (writing reflections, and even essays in French). Teachers will receive and engage with a package of writing tools and resources to build student writing confidence.</p>
<p>Rock Your French Language Conventions</p> 	<p>Tired of teaching the same French grammar concepts in a way that students don’t seem to be able to apply? Discover the secret guaranteed to lock in key language conventions from noun genders to conjugating and manipulating all verbs and tenses. Experience experiential strategies embedded in real-life aspects by using grammar in action, and in context, so that students can consolidate what they do in class. Teachers will receive and engage with a package of grammar tools and resources that get students living the language conventions.</p>
<p>Rock Your French Gamification</p> 	<p>Make "Fun" the F in French. Like grammar, gamification is best done in context. Educators will participate in a balance of "tech and touch." They will experience dozens of French challenges that will get students up out of their desks, engage in hands-on exploring, and tapping into students' innate zest to compete for more impactful and foundational learning.</p>
<p>Rock Your SEL and Inclusion</p> 	<p>Discover how a simple analysis of Leonardo da Vinci's "Mona Lisa" can open up the perfect classroom conversation on the importance of SEL principles and inclusion. Educators will experience authentic strategies that take students through meaningful discussions about the 5 CASEL core competencies; self-awareness, self-management, social awareness, relationship skills, and responsible decision-making.</p>
<p>Rock Your French Culture</p> 	<p>French culture is more than baguettes and crêpes, more than Café music and French movies. Educators will break down how to embed French culture into everyday lessons. They will learn how to peak their students' interest in the French language through cultural exploration. Experience how French culture can also be experienced via stories and spontaneous use of language.</p>
<p>Rock Your Routines and Planning</p> 	<p>Routines root teens (and pre-teens) in effective strategies and skills practice. Routines route teens (and pre-teens) into fully-engaged learning from the start of class, right through to the end. Experience the tools and strategies that research shows to be the best in classroom management and watch your students ask “Is class over already?” each and every day.</p>
