# OUR GOALS

We are excited to be back after a 3 year hiatus! Our goal is to support women in our community with events offering education and inspiration. Sometimes we just need to know someone else has been there and give us a bit of encouragement to get to the other side of our obstacle. We are hoping to put together a few events for 2024 but we are also open for suggestions if there is a need you would like to share with us.

Some of our events will simply be an opportunity to gather with other women and enjoy ourselves! (Like a good game of Bunco!)

We would also be open to bringing back Coffee Talks, a group of business women who gather often to learn and hold one another accountable, if there is a desire for that in our community.

If you would like to be a volunteer and have a specific skill set please reach out to us and let us know.

If you have a success story that will help other women and you are willing to share it, please reach out to us and let us know. We may ask you to step out of your comfort zone (where growth happens) and share your story with others.

Will you join us in our mission?
