# Welcome

Greetings Art Lover,

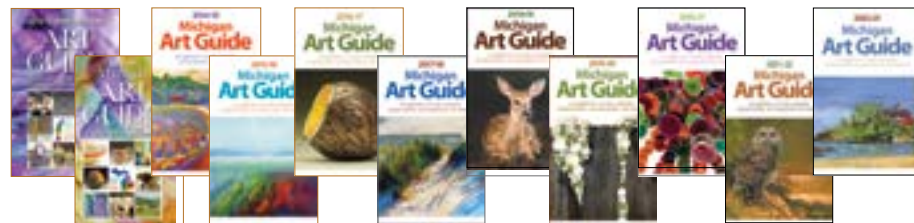

Welcome to the 12th edition of the Michigan Art Guide... our biggest issue yet! Due to the huge interest in the guide we expect it to be a busy year for our galleries, fairs and artists. We hope you will use this year's guide to start planning your visits, and continue to support these local businesses. When you stop by, be sure to let them know you saw their listing or ad here so they know their advertising dollars are effective. It is a good idea to call ahead or check their website for their current hours.

We work hard to make the guide functional and easy-to-use, with all of the information carefully organized and color-coded so you can easily find what you want.

We hope you enjoy the 12th annual edition of the Michigan Art Guide and enjoy an art filled year.

If you head south, check out our [Florida Art Guide](#). Just like the Michigan Art Guide, you will find accurate listings of galleries, fairs and artists throughout the state. Safe travels!

*Vicki*

### Trees and Water by Judy Munro

After a successful corporate design and creative management career, Judy picked up a paintbrush in 2009 and began pursuing her lifelong dream of becoming a professional artist. She had her first solo show in 2010.

A prolific painter, Judy spends time daily in her Rochester Hills studio producing pieces inspired by the beauty, pattern, color and structure she finds in nature. Her work can be found in over 1,000 public and private collections and she is currently represented by six galleries in Michigan, Ohio, and Wisconsin. Visit her website to see more of her work.
