Office Cubins

## Advantages with Greenone uPVC

**Energy Efficient:**

- Windows manufactured from us meet the highest A-C ratings.
- Our profiles are Multi chambered and designed with double gasket sealing which reduces transfer of Heat and we use Insulated Glass which is 3 Times effective than normal glass.

**Eco Friendly:**

- uPVC is Fully recyclable and eco-Friendly.
- Being replacement option for wood, It saves forests and environment.

**Termite Proof:**

- uPVC is Termite Resistant and free from the attack of acids, alkalis, waster gases.
- Such insects often destroy wooden windows and wooden sub frames for aluminium windows in tropical climates, but termites cannot attack uPVC.

**Strength & Secure:**

- Reinforced with galvanized steel and fitted with multi-point locking systems.
- Can withstand the harshest of weather conditions and provide maximum security.

**Sound & Dust proof:**

- Our windows are made with multichabered profiles, Fusion Welded Joints, Multi point locking mechanism and Dual Compression Gaskets which ensures no sound and Water leakage

**Weather Resistenet:**

- Do not rot, corrode nor warp.
- Even after many years, the windows and doors are still attractive, perfectly tight.

**Maintenance free:**

- Does n't fade or De-colour.
- No protective painting is required, eliminating recurring maintenance costs.

**When compared to wooden or Aluminum, uPVC Windows:**

- ✓ Do not need painting or heavy cleaning.
- ✓ Are Steel reinforced with Galvanized steel and resistant to windsand rattling.
- ✓ Have fusion welded joints to ensure energy savings.
- ✓ Are UV resistant and do not fade even under sustained expose to sun.
- ✓ Have a special rain drain mechanism which prevents leakage
- ✓ Have Low maintenance and long life.
