

August 10, 2020

Dear Parents,

Knowing how important the children's health and wellbeing is to everyone, we have researched Young Living Essential Oils and would like to start using them in the preschool. From what we have learned, using a diffuser in the classrooms can help purify the air and provide a calming atmosphere.

We would like to begin using Essential oils with the start of the new school year. We must however have parental permission in order to begin. Please note, when using the oils, a diffuser will be placed in each room out of the reach of children and no oil will ever be directly applied to a child.

We have selected Young Living oils because they are of therapeutic grade and have a seed to seal process. Additionally, Ms. Katherine is a distributor so if you have any questions or concerns, she can address them for you.

Thank you,

Ms. Patty

Foundations Early Childcare Education Center has my permission to use Young Living Essentials Oils through a Diffuser in my child's classroom.
