**It's That Time of Year Again!**

As you know, the school participates in the government funded food program. As a participant, we must ask our parents to complete the Food program form each year (even if you filled it out within the last month). This form is very important because it determines the rate of reimbursement we receive for each child for each meal.

The forms are expected to arrive this week. When we get them, we will place them in your child's cubby.

Please complete these forms and return them at the front desk by **Friday, July 18th.**

**Preparing for the New School Year**

As we prepare for the new school year, we are looking closely at policies in place regarding COVID, providing new calendars, updating the Parent handbook and verifying we have all of the children registered that have shown interest.

Soon, we will announce our Open House plans. It is generally at this event parents receive all of the things I mentioned above. This year, for at least our parents who have already been a part of the school, Open House may be virtual. If it is, the paperwork you will need for the new year will be given out ahead of time and supplied on the website so that everyone has what they need.

I will be on vacation from Wednesday this week through next week. When I return, the new school year will be our number one priority so stay tuned!

**Mark Your Calendars**

**July 3rd - We are closed**

**Week of August 3rd - Open House** of some kind. Normally, this is a dinner for everyone but with the current COVID situation, we are still working on plans. Please stay tuned.

**August 10th - First day of Fall Session**

**September 7th - We are Closed**

**September 1st - Annual supply fee billing.**

This is \$100 per family per year.

**Thank you!**

We want to say a huge thank you to those who were able to find and bring in cleaning supplies. Because we charge our supply fee, I try not to do this so again, thank you!

*God our Father, you have blessed us with the gift of children; thank you for these precious gems that adorn our school. Their laughter gives us joy and brightens our lives. They are the expressions of your presence in our school. Their growth shows the mysteries of your love.*

*May they experience your loving presence, advance in wisdom and grow in your love. Our children's future is in your hand, and yet we have our own role to play in shaping that future. Help us to be true to our responsibility so that we may assist them in responding to your graces and thus to become what you want them to be.*
