COVID and Sick Policy

As we have seen over the last couple weeks in our surrounding town, COVID is still out there, as well the stomach bug and the Flu. We need to ask that you please keep a close eye on your children, if you see any signs or symptoms of them not feeling well please keep them home and call the school. If you are called to pick up a sick child, please remember you have 30 min to get here. Always have a backup plan.

We also ask that you make drop off and pick up quick, please do not hang out in the classrooms or hallways.

Masks are always welcome but not mandatory

Make sure you and your child are fever free
