

Roundtable Social

The Trinity Aquifer: Keeping our springs and creeks flowing and drinking water wells healthy.

September 22nd @ 5:30 PM

Join us for a presentation of recent science investigations of our local Trinity Aquifer system from the University of Texas- Bureau of Economic Geology. Hear updates from both Hays-Trinity Groundwater Conservation District (GCD) and Southwestern Travis County (GCD), including drought impacts. Community conversation and a Q&A with groundwater resource experts.

Please BYOB and bring a snack to share.

The Westcave Roundtable Social brings local area residents together to explore issues of common interest.

FREE event - RSVP to amber@westcave.org
