

Miller Mountain: Atv Race Report

By Dominique Wilson

The Micro Atvs had a slick race here at Miller Mountain. Jp Pickens got an early lead and was able to come home with the overall win! Chase Barber was determined to catch up with Jp, he finished 38 seconds behind him and got 2nd overall.

Another trophy was added to Garret Cox's collection. Garret led the whole race, but Levi Ringer was right on Garret's tail the entire race. Unfortunately, he fell short on the last lap, but he was able to get 2nd overall. Brayden Cox pushed the whole race and got 3rd overall.

Branden Owens and Steven Harrell made watching this race intense! Branden was in first place for 3 laps but Steven was right behind him. Steven was so close they were almost tire to tire. Steven was able to make a last minute pass and got the overall win with Branden not even a second behind him.

Miller Mountain: Motorcycle Race Report

By Dominique Wilson

Most of the mud dried up into dust for the dirtbikes. This micro race was interesting. Hunter Jones was leading the race for for 4 laps but something happened on the last lap causing him to lose time, falling back to 4th overall. Colton Prospt was able to keep pushing and got the overall win. Todd Toland was only 19 seconds away from Colton, getting 2nd overall.

Austin Bittinger was able to lead the overall for this race and win his class, beating 2nd by two minutes. Ace Tokar was on a roll, not only winning his class but being physically 3rd overall because of time adjustment he was able to get 2nd overall!

There were 280 racers for the Adult Bike. Peyton Feather and Mack Riemer switched the entire race! When you saw them, they were right on each other. They battled right to the orange polls at scoring. Peyton was able to make a the pass to get 1st overall.

Miller Mountain: Lawnmower Race Report

By Dominique Wilson

Miller Mountain was the first race of the season for the lawnmowers! It has a dusty and rocky race for these men! Sean Meyer was flying through the woods and lead this 5-lap race. Adam Channall was only 11 seconds behind Sean on lap one, but Richard Brown was able to get ahead of Adam on lap two. Unfortunately, he broke out on lap three so Adam was able to come home with 2nd overall. Michael Pace was able to have a consist race and placed 3rd overall.
