 - After training is completed make sure that you provide feedback on the training for the unit to review.
- **Coursework** – You must at the bare minimum complete and pass one correspondence course per year.

- **Keep Track of your Career** – This is your career so always keep track of what you have accomplished.
 - Rank – There are several requirements to make rank. Keep track of what is necessary to gain rank. The staff will update your record and does so constantly however it is ultimately up to you to keep track of that. Something could get missed and if you are not on it then it could get overlooked.
