

Been to Post 2805 lately? Like I always say, miss a day, miss a lot. The time has come for a total new look at 2805 so it's game on PEOPLES.

Thanks to the help of volunteers from the Membership and a tremendous amount of volunteers from our Auxiliary, soon we will have a great new look both in the Canteen and Meeting Hall as well, starting from the ground up.

New flooring has been installed throughout the Canteen and Meeting Hall and the carpet in the Canteen is GONE.

The display cases that proudly display memorabilia from the past are being replaced and will be showcasing such items with a clean new look. Knowing the Auxiliary, these displays will be a knockout. The Flag stands will be replaced and the POW remembrance table has been given more space to honor those who have not returned.

Chairs and stools are getting the attention they need, along with some long overdue changes that will make OUR POST look beautiful once again.

Come see for yourself, I think you will be amazed.

**May God Bless Our Troops
THE BEARD**
