

Comfortable, body hugging, dynamic and sleek, the Verte ski packs are a skier's dream. A flexible hipbelt and elastic webbing stand out amongst the competition.

VERTE 12

VERTE 18

▼ FEATURES

- › Lightweight, blended recycled nylon ripstop fabric with PFC-free durable water-repellant coating.
- › Elasticized CloudControl hipbelt stretches to allow for uninhibited movement, but comfortably tensions to your body to provide support.
- › The CloudControl hipbelt is designed like a goggle strap to eliminate webbing tails, and the shoulder strap webbing is contained to avoid hang-ups on chairlift rides.
- › Insulated hydration harness sleeve with closed cell foam can help to keep hydration hoses from freezing.
- › Internal hydration sleeve with SpeedClip hanger compatible with Gregory's Hydro reservoirs (reservoir not included).
- › A full-length zipper with side gussets gives easy access to items at the bottom of your pack while keeping everything contained and protected.
- › Side zippered pocket provides secure storage and is designed for easy access while riding a chairlift.
- › Top zippered stash pocket for easy access to smaller items.
- › Ski and snowboard carry system that provides a multitude of carrying options.
- › Padded front pocket provides added durability and storage for all avalanche rescue gear.
- › Glove-friendly zipper pulls and buckles.

FLEXIBLE FREERIDE HIPBELT

The CloudControl elasticized webbing stretches to allow for uninhibited movement, but comfortably tensions to your body to provide support.

CHAIRLIFT-FRIENDLY DESIGN

A clean front design with minimal loose webbing and a quick access side zippered pocket provide worry-free and convenient chairlift access.

SNOW SHEDDING BACKPANEL

The backpanel was designed to easily shed off snow, so whether you're swimming through powder, or learning to ride, you don't have to worry about snow pack building up between you and your pack.
