UNLIKELY HIKERS x GREGORY

After years of collaboration and partnership with Jenny Bruso, we've made it official. Gregory has collaborated with Unlikely hikers to create a collection of packs designed for everyone. From daypacks to waistpacks, the collection is available in both standard and plus size fit to give anyone an option to better enjoy their time outside. With specialized strap shapes and easier to access pocketing the plus size fit is designed to fit sizes up to 6X. We are committing 5% of net sales from this collection to Unlikely Hikers and their continued efforts towards making participation outdoor activities a more inclusive, accessible reality.
