# ALPACA DUFFEL

ADVENTURE TRAVEL

Built from recycled polyester and a TPU weather-resistant coating, these bags can withstand heavy abuse. An expandable dirty gear compartment makes organization simple and clean, while easy T-Grip pulls provide confidence and durability.

## FEATURES

- Large U-Zip opening with smooth-action #10 YKK zipper.
- Oversized T-Grip zipper pullers for maximum leverage on the main zippered opening.
- Removable, padded shoulder straps allow the duffel to be carried like a backpack, and be stored away when not in use.
- Three layer padded bottom, with an internal coating, provides all around weather and abrasion resistance.
- Reinforced carry straps with an internal fiberglass rod to evenly distribute weight and prevent pinching on your hands.
- Exterior webbing daisy chains provide a quick spot to attach gear, and to securely lash down the bag.
- Interior zippered mesh pocketing keep smaller items separate and organized.

### BONUS PACKING CUBE

Packaged in a convenient packing cube, this duffel's packaging doubles as both a packing cube and a way to store your duffel. Making the packaging reusable, no material goes to waste.

### EXPANDABLE DIRTY GEAR COMPARTMENT

Designed to adapt to your adventure, the expandable end pocket provides a space to keep dirty gear and shoes separate as you transition to your next locale.

### WATER-RESISTANT, RECYCLED POLYESTER

Heavy-duty, blended recycled polyester fabric with TPU coating provides water and abrasion resistance that you can trust for a lifetime.
