

"Helping Ordinary People Partner With God To Accomplish The Extraordinary."

Vision

Our vision is to be a critical relational and spiritual support for CTEN missionaries based in the US. As their first point of contact we are encouragers, advocates, spiritual shepherds, and most of all, trusted friends. Our calling is to understand and live out the pastoral vision of CTEN by shepherding God's people, walking with our missionaries and their families through the highs and lows of life and ministry.

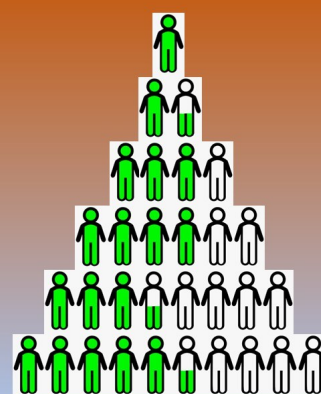

As we continue our longstanding relationships with our partners in West Africa, we continue to work with Church Planting and building improvement/repair

Statistics are showing us that 47% of missionaries today will not last 5 years on the field, regardless of where that field is located. On top of that 70 missionaries are leaving the field, Every Day!

We believe God is calling us to a ministry of encouragement through Pastoral Care for our fellow CTEN missionaries based in the US.

Through this ministry we have the incredible opportunity to foster connections through relationship built on integrity, friendship, empathy, and time.

By truly immersing ourselves in the lives of the workers we encounter, we gain a deeper understanding of who they are and the divine calling that is upon their lives to live and reach out to those they have been called to minister too. As we come alongside and walk with our missionaries and share life together we are blessed to experience their stories firsthand. We are reminded of the inherent connections that bind us all together, transcending borders and differences. Just as each story is unique and inspiring, they collectively form a testimony to the transformative power of the Father in shaping our lives and fostering a sense of unity with our brothers and sisters in Christ. These stories not only bridge geographical gaps but also serve as a testament to the human spirit's resilience and beauty found in the Hope of a personal relationship with Jesus.
