MISSED APPOINTMENTS:

 Unless appointment is cancelled at least 24 hours in advance, you may be charged for missed appointments at the rate of \$25.00 per missed appointment. Please help us serve you better by keeping scheduled appointments.

INFORMATION UPDATES:

Please bring your insurance card and picture ID with you to every visit to ensure correct
information is on file. We also ask that you fill out an updated patient registration form
annually. Please notify us immediately if you have any change in your name, phone number,
address or insurance information.

INSURANCE REFERRALS:

 Patients are responsible for obtaining any authorizations or referrals needed prior to their scheduled appointment.

CELL PHONE USAGE:

 Please use cellphones outside the office door only. They may present interference with medical equipment and bother ill patients who are waiting.

DILATION:

• Dilating drops are used to dilate or enlarge the pupils of the eye to allow the ophthalmologist to get a better view of the inside of your eyes and evaluate the peripheral retina. This is considered part of the eye exam and almost every new patient will get this. Dilating drops frequently blur vision for a length of time which varies from person to person and may make bright lights bothersome. It is not possible for your ophthalmologist to predict how much your vision will be affected. Because driving may be difficult immediately after an examination, it is best if you make arrangements not to drive yourself. Adverse reaction, such as acute-closure glaucoma, may be triggered from the dilating drops. This is extremely rare and treatable with immediate medical attention.

I agree to all of the above terms and I hereby authorize Dr. Gupta (Virginia Eye Specialists, P.C.) and/or such assistants as may be designated by him to administer dilating eye drops:
