About Food Connection

Food Connection relieves hunger while reducing food waste by connecting surplus, freshly prepared meals with those experiencing food insecurity.

Reducing Food Waste.
Easing Hunger.

Founded in Asheville, NC in 2015, Food Connection expanded its food rescue services to Black Mountain and the Swannanoa Valley in 2018. We continue to assess the needs of our rural communities and work with partner agencies in those high-need areas to supplement their food programs.

Hunger in Buncombe County

Extensive data from Feeding America shows that **Buncombe Co. has an identified Food Insecurity Rate of 13.5%** (2019 report). Based on the population in 2019, that translates to an estimated **35,782** of our neighbors experiencing food insecurity.

Twenty nine percent of our food insecure population in Buncombe County earn more than 200% of the national poverty rate; making them ineligible for any federal food assistance. Food Connection offers food to anyone in need. No questions asked.

The Work of Food Connection

Total meals delivered to our neighbors in need:
406,000+ fresh meals

Quantity of fresh, edible meals kept out of the Buncombe County Landfill
150 TONS

Number of organizations donating their surplus prepared food in 2021
28 food donors

Number of organizations and neighborhoods who have received Food Connection food in 2021
39 food recipients
