KINGGLASSIE

FIFE SINGLE MALT SCOTCH WHISKY

RAW LIMITED EDITION

INCHDAIRNIE DISTILLERY

We are a Fife distillery that brings malt tradition into the modern world. From grain to bottle, we take an innovative approach to flavor and engineer our whiskies with a strong purpose: to excite the consumer's palate. We implement a multi-dimensional approach, aiming to deliver unique complexity.

KinGlassie Raw

KinGlassie Raw is a heavily peated Fife Single Malt Scotch Whisky, distilled only once a year, for less than a week every winter at InchDairnie Distillery. Using 100% Fife grown barley that has been heavily peated using mainland peat to 50+ppm.

KinGlassie Raw has been exclusively aged in Fife, in ex-bourbon American oak casks for eight years, resulting in a limited edition whisky that combines the natural character of the distillery with untamed smokiness.
