INCHDAIRNIE DISTILLERY

We are a Fife distillery that brings malt tradition into the modern world. From grain to bottle, we take an innovative approach to flavour and engineer our whiskies with a strong purpose: to excite the consumer's palate. We implement a multi-dimensional approach, aiming to deliver unique complexity.

We are InchDairnie.

RYELAW

A single distillery Fife Grain Scotch Whisky that is made with 53% malted rye and 47% malted barley. RyeLaw adheres to the rules for American Rye Whiskey, whilst using contemporary methods of Scotch Whisky making. RyeLaw is from InchDairnie Distillery in Fife and is the only whisky in the world which is made using malted rye, distilled in a Lomond Hill still.

Carefully matured in new oak casks sourced from the Appalachian Mountains for a spicier finish, the second vintage of RyeLaw has a prominent wood, rye and spice character.

Tasting Notes

Color: Rich Golden

Aroma: Wood and rye spiciness with solid oak presence. Subtle vanilla caramel sweetness.

Flavor: Seductive peppery rye spiciness with drying oaky tones, finishing with delicate toffee notes.
