## THE ORAL TRADITION

The course will be taught in the Oral Tradition where the instructors and participants engage in a focused inquiry with panels of people who represent each personality type.

## WHAT IS THE ENNEAGRAM?

The Enneagram is a powerful system that describes nine distinct points of view and their interrelationships. Studying it will help you develop awareness of your own point of view and highlight how it differs from others. Recognizing this will help you create more satisfying love, work and family relationships and may lead to:

- Increased self-understanding
- Being more effective at work
- More compassion for self and others
- Enhanced spiritual growth
