WHAT IS THE ENNEAGRAM?

The Enneagram is a powerful system that describes nine distinct points of view and their interrelationships. Studying it will help you develop awareness of your own point of view and highlight how it differs from others. Recognizing this will help you create more satisfying love, work and family relationships and may lead to:

- Increased self-understanding
- Being more effective at work
- More compassion for self and others
- Enhanced spiritual growth

Instructor

Renie Hope, MA, LMHC, specializes in helping her clients reclaim a sense of joy, passion and meaning in their lives. She has taught the Enneagram for over 30 years in business, university and personal growth settings and

uses it extensively in her practice with individuals and couples.

She has expertise in dream work, object-relations psychology and the expressive arts.

She is a Certified Teacher of the Diamond Approach and has been a student of that work since 1988. In that context she's worked with the Enneagram's spiritual dimensions for many years, working directly with Sandra Maitri and A. H. Almaas.
