SITE DEVELOPMENT PERMIT
APPLICATION PROCEDURE

- A) Complete all applicable sections of this Application.
- B) Sign and date the bottom of the application.
- C) Submit the following required items with your completed application (Some may not be applicable to your project):
 - A copy of your property survey indicating the project location with dimensions
 - A complete description of the project
 - Details on the erosion, runoff and siltation control measures to be installed
 - Contractor Insurance Certificates with the Village of Camillus as certificate holder:
 - General Contractor's Liability Insurance Certificate
 - General Contractor's Workman's Compensation Insurance Certificate or exemption
(Form C-105.2, GSI-105.2, U-26.3, CE-200, SI-12 or BP-1)
 - A Stormwater Pollution Prevention Plan (SWPPP) and NYSDEC Notice of Intent for Construction Activity are required for projects that include clearing, grading, excavating, soil disturbance or placement of fill that results in land disturbance of equal to or greater than one acre, or activities disturbing less than one acre of total land area that is part of a larger common plan of development or sale, even though multiple separate and distinct land development activities may take place at different times on different schedules.
- D) Projects disturbing less than an acre typically take 3-5 days to review.
- E) The erosion, runoff and siltation control measures must be installed, inspected and approved before work can commence. The permit fee will be doubled if work is started without an approved permit.
- F) Length of validity. Permits shall be valid for up to one year from date of issue. An extension may be granted, provided that such an application shall be made in writing prior to the end of the first year and good cause is shown. An extension request may require review by the Zoning Board of Appeals.
- G) Call 811 Before You Dig! You must call for a location request at least two working days but not more than 10 working days before any excavation starts.
- H) The applicant shall be responsible for:
 - 1. Calling 811 before bringing heavy equipment on site or excavating.
 - 2. Erosion, runoff, and siltation control measures in accordance with the New York State Stormwater Management Design Manual.
 - 3. Dust, mud, and debris control on public highways.
 - 4. Screening for surrounding areas, if required.
 - 5. Reclamation, including suitable replacement of ground cover, topsoil and seeding.
 - 6. The entire cost of reclamation should agents of the Village be required to complete said reclamation.
