# JANA'S DREAMS

Wedding package instructions

## **THANK YOU FOR PURCHASING A WEDDING PACKAGE!**

---

There are a few things we need to get done before we can begin working on your wedding package. There is an "E-Communication" form and a "Wedding Packages Information" form that need to be filled out. Both forms will be sent to me once you are complete and press "submit".

The "E-Communication" form is giving me permission to communicate with you via video chat, email, and/or text in order to fill your wedding package order. The "Wedding Packages Information" form is simply the details you want with your package such as color, bows, etc. There is an option at the bottom of each form for you to receive an email receipt of your responses. If you do not want an email receipt, simply do not turn the option on.

**BOTH** forms must be filled out and received by me before we can begin, so please be prompt.

## **FORMS**
