*\*\*There are no returns or refunds on wedding packages. The wedding packages include at least one virtual meeting with email and/or text communication to ensure the package meets the standard of the buyer before being shipped. Please do not order any wedding package unless there is at least six (6) months advanced notice before your package completion date, which should be at least one (1) month before your wedding date to ensure the completed package arrives to you on time (7 months total advanced notice).*\*\*

All packages include Wedding Packages Information Form and E-Communication form. It is required by Jana's Dreams for the buyer of any wedding package to fill out both forms before beginning on package design.

All packages are made with artificial flowers.

All package prices includes shipping.

After the package is approved by the buyer and shipped, the buyer will be emailed tracking information.

The first step in ordering your wedding package is to purchase one of the packages and/or add-ons. The wedding packages file is entitled "Wedding Packages Instructions". This file, once downloaded, instructs the buyer how to proceed with the design process. Any questions before the purchase of the package should be filled out on the "Contact Us" form at <https://janasdreams.com/about-us>.

### **Each wedding package design prompts include:**

Choice of up to 3 colors (white is always included) for ribbon and flowers
