

Subject-Matter Specialist (Technical / Focused)

Overview:

This position is designed for seasoned professionals with deep expertise in a targeted domain — such as federal contracting, tax credits, legal compliance, or real estate advisory. Specialists serve as internal authorities and client-facing technical leads for high-complexity engagements.

Responsibilities:

- Conduct deep-dive reviews of contracts, filings, or financial/regulatory frameworks
- Lead briefings or workshops for clients and internal staff
- Serve as technical voice during litigation-aligned, audit-heavy, or policy-based engagements
- Advise internal teams and contribute to internal training or diagnostics

Ideal Background:

- 5+ years in law, federal compliance, tax strategy, or advisory work
- Credentialed professionals preferred (CPA, JD, PMP, CMMC, etc.)
- Strong communication skills and comfort with high-scrutiny, client-facing environments

Annual Compensation Range:

\$95,000 – \$120,000 (based on certification, scope, and sector)

Includes:

- Technical lead on high-complexity projects
- Case-specific bonus eligibility (10–20%)
- Annual review tied to thought leadership and performance
- Option to work full-time or project-based as a senior advisor
