

FISCH BITES

Future for Iringa Street Children

It's Easter!! Christ came to to this earth to give us another chance at what we were originally destined for. At FISCH, we believe every child should have a second chance; at love, at family life, at education, at work, and at play.

School Exam Results

The Tanzanian Team received some information about test results by students who have sat some exams at the Tagamenda School. Results were good and the highest result was a grade of 95% in mathematics.

Three of these students are FISCH kids; Neema, Best and Promina were the top students and all received prizes for their great work!

FISCH Street Stars

This is the name of the FISCH talent group, comprising of children with a talent to share! This usually involves singing, and recently the Street Stars have been blessed with two handmade drums and also a xylophone by a kind person named Patrick. Patrick is now training the kids how to use their new instruments. Tanzania's Got Talent, anyone?!

Pilot Halfway Home

Both children who have lodged at the Halfway Home in the Drop-In-Centre have since been reconnected with their families successfully. The Tanzanian Team is now following up on more children who need help back into family life and would benefit from a half-way house in the short term. The Halfway House Mama and Papa are the couple Grace and Able who provide a source of support and comfort for the kids.

Jesus said to her, "I am the resurrection and the life. He who believes in me will live, even though he dies..." - John 11:25
