About the Lightbox Double 100

The Lightbox Double 100 is a double-sided illuminated profile with side lighting for even light distribution. The LED is mounted on the inside of the frame. The profile is only 100 mm, thus creating an elegant and contemporary look.

The advantages

- ✓ Good light distribution
- ✓ Available open and closed
- ✓ LED technology: Edge-lit
- ✓ Two-year warranty

Lightbox Double 100 Double-sided LED frames

Mounting

Freestanding

Freestanding frame with a textile on both sides.

Attached to the ceiling

Frames suspended from the ceiling. Both horizontal as well as vertical suspension is possible.

Finish

Open

The outer groove facilitates the usage of accessories.

Closed

An even finish. If desired, holes can be drilled in the profile so that accessories can be attached.

Illumination

Edge-lit

- lit from the edge
- Good quality/price ratio
- Compactly packed, economically transportable
- Relatively low power consumption

Dynamic LED

- Available in RGB and white
- Many application possibilities
- Infinite flexibility with your own animations
- Easily adjust light intensity and colours

Lightcolour

6500K

Bright white (daylight).

Stabilizers

Stabilizers

In order to guarantee the stability of the frame, stabilizers must be placed in the frame. This way the construction is sturdy.
