Footsteps of WNY, Inc. is a non-profit **501c3** organization, providing charitable assistance to individuals with Cerebral Palsy by directly purchasing medically prescribed orthopedic and therapeutic devices not covered by insurance.

Those wishing to become donors to Footsteps of WNY are encouraged to call or visit our website.

We're in this Together!

There is an understanding and empathy that exists between those coping with any debilitating condition.

With Footsteps founder Marty Gregoire, that condition is Cerebral Palsy. At the age of two, Marty was diagnosed with a form of Cerebral Palsy affecting his legs. Through his personal experience managing a life with Cerebral Palsy, Marty has an awareness of the common struggles and worries that so many with Cerebral Palsy face. In the community, Marty shares his experience, speaking to parents of children with Cerebral Palsy, offering a level of reassurance and hope to others like him. **Footsteps of WNY, Inc. hopes to take this advocacy to the next level.**

Footsteps of WNY, Inc. aims to provide financial assistance to those with Cerebral Palsy as a

means of offsetting costs for treatments, therapies and medical devices associated with managing their condition. Our goal is to become a financial resource for those with Cerebral Palsy, helping improve their mobility and overall quality of life. Footsteps of WNY, Inc. is not a charity. It is the realization of a need, and the desire of those participating to serve others commonly afflicted.

Considering that the average cost incurred by an individual with Cerebral Palsy over the course of a lifetime is upwards of \$900,000, there are very few individuals that would not benefit from a Footsteps financial award.

An Invitation to Apply

Footsteps of WNY, Inc. provides financial awards through the generosity and support of its donors.

To be considered you only have to visit our website and fill out the application provided, or email us at footstepsofwny@gmail.com.

If you are unable to do this on-line, you may call **716-864-6701**, and an application will be mailed to you.

Our wish is to simplify the process. Should you need help providing the information required, please contact us, and we will provide assistance.

Footsteps of WNY, Inc. financial awards may include, but are not limited to, monetary assistance for therapy and medical equipment, as well as devices and supports needed to manage and improve mobility.

For more information about our financial awards, please call or visit our website.
