LET U DESIGN UR PROGRESSIVE LENSES

IDENTITY DESIGN FOR PERSONALIZED VISUALS

VISION BEYOND
IMAGINATION

BENIFITS

- Stable vision in every direction you look thanks to extended fields of vision
- Complete comfort for effortlessly focusing images, making it easier to adapt and use your glasses on daily bases
- Reduces distortion of the optical surface and within the chosen frames

TECHNOLOGY

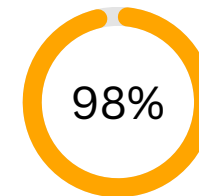

Clarion PAL IDv lenses are custom-made to meet the unique needs of each individual wearer, using advanced technology to optimize the optical properties of the lens. With Clarion PAL IDv progressive lenses, wearers can enjoy smooth and seamless transitions between near, intermediate, and far distances, without the need for multiple pairs of glasses.
