TAKE CONTROL OF YOUR HEALTHCARE

In today's environment of rapidly rising premiums controlling your health benefit costs is a challenge. PALIC's non-traditional and innovative approach to healthcare rewards consumers by offering them more flexibility, more control, more transparency and more potential for savings.

ONE SIZE DOES NOT FIT ALL

Why choose an expensive traditional "one size fits all" insurance policy when you can customize a plan that's right for you and your family? With PALIC, you can have control over the design of your policy benefits, as well as access to many value added benefits and resources to help you navigate through the costly healthcare market. We offer several products for every budget.

REWARD YOURSELF

Not only do you have control over the benefits you receive; you also have control over your healthcare spending. Our plans reward educated consumers by returning excess claim dollars back to the policyholder.
