- **Walk-in:** PMU Office, or Tribal Building Finance Window

**Water** – PMU provides safe, adequate water for a fee to those houses connected to main lines of the community water system. Maintenance will include water sources, storage tanks, controls, main lines, valves, hydrants, and service lines to curb stops only. *Scott Snow, Water Systems Manager*

**Sewer** - PMU is responsible to provide sanitary disposal of domestic waste for a fee to those houses connected to the main lines of community sewerage systems. Responsibility for maintenance will include treatment facilities, pumping stations, main lines, manholes and service lines to the individual property lines only. *Gene Talksdifferent, Waste Water Specialist.*

**Solid Waste** – Comprised of three employees who provide safe and sanitary collection and disposal of solid waste for transfer sites, and those houses within the reservation communities. The individual house solid wastes containers are the responsibility of the customer. *Coshaunn Snell, Solid Waste Manager*
