Through this information collection, ACF is gathering data on the Tribal Lead Agency’s grant program to understand the design and effectiveness of the program and to inform technical assistance needs. Public reporting burden for this collection of information is estimated to average 120 hours per response for Part I (for all Tribal Lead Agencies) and 24 hours per response for Part II (for medium and large Tribal Lead Agencies), including the time for reviewing instructions, gathering and maintaining the data needed, reviewing the collection of information. This collection of information is required to retain a benefit (Pub. L. 105-285, section 680(b) as amended). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid Office of Management and Budget (OMB) control number. The OMB # is 0970-0198 and the expiration date is 04/30/2025. Child Care and Development Fund
for
Tribal Lead Agency: Fort Belknap Indian Community Council
FFY 2023–2025

Plan Status: Work in Progress as of 2022-12-27 18:49:22 GMT

This Plan describes the Child Care and Development Fund (CCDF) program to be administered by the Tribal Lead Agency for the period from 10/1/2022 to 9/30/2025. As provided for in the applicable statutes and regulations, the Tribal Lead Agency has the flexibility to modify this program at any time, including amending the options selected or described herein.

For purposes of simplicity and clarity, the specific provisions printed herein of applicable laws and regulations are sometimes paraphrases of, or excerpts and incomplete quotations from, the full text. The Tribal Lead Agency acknowledges its responsibility to adhere to them regardless of these modifications.

Tribal Early Learning Initiative
Introduction and How To Approach Plan Development

The Child Care and Development Fund (CCDF) program provides resources to state, territory, and Tribal Lead Agencies that enable low-income parents to work or pursue education and training so that they can better support their families and can promote the learning and development of their children. The CCDF program also provides funding to enhance the quality of child care for all children. On November 19, 2014, the Child Care and Development Block Grant (CCDBG) Act of 2014 was signed into law (Public Law [P.L.] 113-186). The law reauthorizes and significantly revises the purposes of the CCDF program and requirements for states and territories, but Congress left discretion to the U.S. Department of Health and Human Services (HHS) to determine how the new provisions would apply to Tribes.

In September 2016, the CCDF Final Rule was released outlining the regulatory requirements for the CCDF program based on the CCDBG Act of 2014. The CCDF program requirements protect the health and safety of children in child care; help families make informed consumer choices and access information to support child development; provide equal access to stable child care for low-income children; and enhance the quality of child care and the early childhood workforce.

Tribal flexibility includes tiered requirements based on the size of their allocation: Tribal Lead Agencies with small, medium, and large allocations. The CCDF Final Rule exempts Tribal Lead Agencies with small allocations (less than $250,000 in fiscal year [FY] 2016) from the majority of the CCDF program requirements, allowing those Tribal Lead Agencies more flexibility in how to spend their CCDF program funds and how to focus those funds on health and safety and quality activities. Tribal Lead Agencies with small allocations must spend their CCDF program funds in alignment with the goals and purposes of the CCDF program and must comply with the health and safety, monitoring, background checks, and quality spending requirements. To align with these limited CCDF program requirements, Tribal Lead Agencies with small allocations will complete an abbreviated CCDF Plan. This approach balances increased flexibility with accountability, and allows Tribal Lead Agencies with small allocations to spend their CCDF program funds in ways that would most benefit their communities.

The CCDF Plan developed by Tribal Lead Agencies is the primary mechanism that the Administration for Children and Families (ACF) uses to determine Tribal Lead Agency compliance with the requirements of the law and Final Rule. This CCDF Plan Preprint consists of two parts, which are aligned with the flexibilities that Tribal Lead Agencies have based on the size of their CCDF allocation.

Part I (for Tribal Lead Agencies with small, medium, and large allocations):
1) Define CCDF Leadership and Coordination With Relevant Systems
2) Establish Standards and Monitoring Processes To Ensure the Health and Safety of Child Care Settings
3) Supporting Continuous Quality Improvement
4) Tribal Lead Agencies With Small Allocations: Direct Services.

Part II (for Tribal Lead Agencies with medium and large allocations only):
5) Provide Stable Child Care Financial Assistance to Families
6) Ensure Equal Access to Quality Child Care for Low-Income Children
7) Promote Family Engagement Through Outreach and Consumer Education.
These sections reflect key functions of an integrated system of child care for low-income working families. The intention is that Tribal Lead Agencies and the Federal Government will be able to use this information to track and assess progress, determine the need for technical assistance (TA), and determine compliance with specific requirements and deadlines.

**Plan Amendments:** Tribal Lead Agencies are required to request approval from OCC through the CARS system whenever a “substantial” change in the Tribal Lead Agency's approved CCDF Plan occurs. Please refer to the ACF Program Instruction regarding CCDF Approval of Plan Amendments, CCDF-ACF-PI-2009-01, for specific details and timelines specific to the Plan amendment process.

Note: All requirements not fully implemented in accordance with CCDF regulations are subject to compliance actions, such as corrective actions and/or penalties.

Tribal Lead Agencies are encouraged to access additional guidance for their CCDF Plans through:

- [Tribal Child Care and Development Fund: Guide for New Administrators](#)
- [CCDF Final Rule: Overview for American Indian and Alaska Native Grantees](#)
- [Child Care and Development Fund Final Rule Tribal Fact Sheet](#)

Additional questions should be directed to the OCC Regional Office.
1 Define CCDF Leadership and Coordination With Relevant Systems

This section provides information on how the CCDF program is administered, including the designated Tribal Lead Agency and administrative structure. It also addresses who was consulted in the development of the Tribal CCDF Plan and how the Tribal Lead Agency plans to coordinate CCDF services with other entities.

1.1 Tribal CCDF Applicant

1.1.1 Tribal Applicant?

1.1.1.1 Tribe or Tribal Consortium Information:

Official name of the federally recognized Tribe as listed in the Federal Register or Tribal Consortium:

**Fort Belknap Indian Community**

Name of Tribal Chair, President, or Leader: **Jeffrey Stiffarm**

Title: **President**

Address: **656 Agency Main Street**

City, State, ZIP Code: **Harlem, Montana, 59526**

Telephone number: **4063532205**  Ext:

Email address: **jeffrey.stiffarm@ftbelknap.org**

1.1.2 Tribal Consortium

Tribal Consortiums refer to a partnership between two or more Tribal governments authorized by the governing bodies of those Tribes to allow the Tribal Consortium to apply for and receive funding on behalf of the member Tribes.

1.1.2.1 Are you a Tribal Consortium?

[ ] No (Skip to Section 1.2)

[ ] Yes

1.1.2.2 Participating Member Tribes/Alaska Native Villages

Provide a comprehensive list of the participating member Tribes/Alaska Native villages and include demonstrations from the consortium’s participating Tribes indicating that the consortium has the authority to seek funding on their behalf. Each consortium member must provide a demonstration every three years for the consortium Lead Agency to include with the plan submission. The purpose of the demonstration is to show that the member has authorized the consortium Lead Agency to act on its behalf.
Examples of demonstrations include a Tribal Resolution, a letter signed by the current Tribal Leader, or another official document from the Tribal/village government (98.80(c)(1-4); 98.81(b)(8)(i)).

For Alaska Native Regional Nonprofit Corporations, the list and demonstrations are for purposes of discretionary funds only.

Confirm the consortium members:

| Consortium Member | Demonstration Letter for Each Consortium Member (attach letter) |

***The CARS system will prepopulate consortium members from FY 2020 child count. Tribal Lead Agency should confirm each tribe listed is currently a member and update with any changes.

If there is any change in the consortium membership, the Tribal Lead Agency must notify OCC through an amendment to the Plan. Any consortium member Tribe seeking to apply for its own CCDF grant funds must first withdraw from the Tribal Consortium and contact OCC to initiate a separate application for its own funds. OCC must receive the application on or before July 1 prior to the year in which the Tribe is seeking CCDF program funds.

1.1.2.3 Coordinated Services on behalf of participating member Tribes/Villages

A Tribal Consortium must describe how it coordinates services on behalf of each of its participating member Tribes/villages.

Summarize how the consortium is coordinating services (including direct services) on behalf of each participating member (98.81(b)(8)(ii); 98.83(c)(1)).

Describe how child care services are provided to each member of a Tribe/village:

1.2 Designated Tribal Lead Agency

The Tribe or Tribal Consortium will designate an agency to represent the Tribe/consortium as the Tribal Lead Agency. This designated agency agrees to administer the Tribal CCDF program in accordance with applicable Federal laws and regulations and the provisions of this Plan, including the attached assurances and certifications (658D; 658E(c)(1); 98.83(a)).

The Tribal Lead Agency can be a department or sub-agency, such as the CCDF department, human services department, workforce development department, and in some cases, the Tribe will administer the CCDF program.

Note: An amendment to the CCDF Tribal Plan is required in the event of a change in the designated Tribal Lead Agency.

1.2.1 Designated Agency

1.2.1.1 Designated Agency by the Tribe or Tribal Consortium
Which agency has been designated by the Tribe or Tribal Consortium to administer the CCDF program?

Name of Tribal Lead Agency: **Fort Belknap Indian Community**

Web address for Tribal Lead Agency (if any): **ftbelknap.org**

1.2.2 Tribal CCDF Administrator

Identify the CCDF Administrator designated by the Tribal Lead Agency, the day-to-day contact person, or the person responsible for administering the Tribal CCDF program. If there is more than one designated contact person with shared responsibility for administering the CCDF program, please identify the Co-Administrator/Assistant Administrator and include relevant contact information.

1.2.2.1 Contact information for the Tribal CCDF Administrator:

Name of Tribal CCDF Administrator: **Tanya Cochran**

Title: **Program Director**

Mailing address: **656 Agency Main Street**

Physical address (if different than mailing address): **211 Chippewa Way**

Phone number: **4063532205** Ext: **8493**

Cell phone number: **4063577140**

Email address: **tanya.coehran@ftbelknap.org**

1.2.2.2 Contact Information for Tribal CCDF Co-Administrator/Assistant Administrator (if applicable):

Name of Tribal CCDF Co-Administrator/Assistant Administrator:

Title:

Mailing address (if different from above):

Physical address (if different than mailing address):

Phone number: Ext:

Cell phone number:

Email address:

1.3 Administration Through Contracts or Agreements

The Tribal Lead Agency has broad authority to administer the CCDF program through contracts or agreements with other governmental, non-governmental, or other public or private local agencies. The Tribal Lead Agency remains the single point of contact and retains overall responsibility for the administration of the CCDF program (658D(b)(1)(A); 98.11(a)(3); 98.16(d)(1)). Examples of such agreements could include:
• A written agreement with another Tribal department to operate Tribal child care centers or to conduct training and monitoring

• A contract with a local agency to operate the Tribal Lead Agency’s child care program (including determining family eligibility and issuing payments to child care providers or providing high-quality activities).

1.3.1 Direct Administration and Operation

1.3.1.1 Administration and operation of the CCDF Program

Will the Tribal Lead Agency directly administer and operate the CCDF program (98.16(d)(1))? This question does not apply to the demonstrations referenced in Section 1.1.2 between a consortium and its participating/constituent member Tribes/villages.

[x] Yes, the Tribal Lead Agency will directly administer and operate all aspects of the CCDF program. Skip to 1.4.

[ ] No, the Tribal Lead Agency will not directly administer and implement all aspects of the CCDF program.

1.3.1.2 Names of entities that will administer and/or operate aspects of the CCDF program

List the names of those entities that will administer and/or operate aspects of the CCDF program and describe which aspects of the CCDF program they will administer and/or operate. List and describe:

1. What processes will the Tribal Lead Agency use to monitor administrative and implementation responsibilities performed by other agencies? Describe:

2. Optional: Include copies of the contracts or agreements as Attachment #: Document was not provided by TLA

1.4 Consultation in the Development of the Tribal CCDF Plan

In the development of the Tribal CCDF Plan, the Tribal Lead Agency is required to consult with representatives of general purpose local/Tribal government (658D(b)(2); 98.10(c); 98.14(b)). Tribal Lead Agencies are also required to conduct a public hearing to provide an opportunity to comment on the provision of the child care services under the CCDF Plan (98.14(c)). For the purposes of developing this Plan, consultation involves meeting with, or obtaining input from, appropriate representatives of the Tribal community.

1.4.1 Consultation and Representation

1.4.1.1 Entities Consulted by Tribal Lead Agency

Describe how the Tribal Lead Agency consulted with representatives of general purpose local and Tribal governments, and any other entities in the development of this plan. Describe: A meeting between Shareholders was held on December 13, 2022. The following departments were invited: Social Services, Child Support, Head Start/Early Head Start, 477 Employment and Training.
Department of Emergency Services and Fort Belknap CCDF Director held a meeting on December 7th. A Meeting between the Fort Belknap CCDF and Criminal Background Investigators was held.

1.4.2 Public Hearings

Tribal Lead Agencies are required to conduct a public hearing to provide those interested with an opportunity to comment on the provision of child care services under the CCDF Plan (658D(b)(1)(C); 98.14(c)(1-3); 98.16(e)).

The Tribal Lead Agency must conduct at least one public hearing prior to the submission of the Tribal CCDF Plan but no earlier than January 1, 2022. The Tribal Lead Agency must provide a notice of the hearing throughout the Tribe's service area. This notice must be provided no later than 20 days prior to the date of the hearing. Tribal Lead Agencies must make the contents of the Plan available to the public in advance of the hearing.

Describe the Tribal Lead Agency’s public hearing process by responding to the questions below:

1.4.2.1 Date(s) of public hearing notice(s) (at least 20 calendar days prior to the public hearing): **12/20/2022**

1.4.2.2 Date(s) of public hearing(s) (no earlier than January 1, 2022):

1.4.2.3 Location(s)/ of the public hearing(s), including virtual:

1.4.2.4 How was the public notified of the public hearing? Check only those that apply:

- [ ] Family newsletter
- [x] Tribal/local media
- [ ] Internet—provide website(s):
- [x] Social media (e.g., Facebook, Twitter)
- [x] Posting on community bulletin board or some other message board
- [ ] Other. Describe:

1.4.2.5 Input from the public hearing(s) in the development of the final Plan.

Describe how the input from the public hearing(s) was taken into consideration in the development of the final Plan (select one):

- [ ] No input was received.
- [ ] Input was incorporated into the plan in the following ways: .
- [ ] Other. Describe:

1.4.2.6 Content of the Plan available to the service area prior to the public hearing.
How was the content of the Plan made available throughout the service area prior to the public hearing? Check only those that apply:

[ ] Tribal offices (including CCDF offices).
[ ] Internet. Provide website(s):
[ ] Email.
[ ] Other. Describe:

1.4.3 Plan Availability to the Public

*Tribal Lead Agencies with small allocations* are not required to make the final CCDF Plan or any subsequent Plans available to the public but have the flexibility to describe if applicable.

*Tribal Lead Agencies with large and medium allocations* should post their Plan and Plan amendments on a website to the extent practicable.

1.4.3.1 Final CCDF Plan and Plan Amendments available to the public.

Describe how the Tribal Lead Agency makes the final CCDF Plan and any subsequent Plan Amendments available to the public to the extent practicable:

1.5 Indian Child and Indian Reservation or Service Area (AUTO FILLED FROM APPENDIX 1 SUBMISSION)

Identify which Indian child(ren) are counted in the Tribal Lead Agency’s child count (98.81(b)(2)(i)).

1.5.1 Indian Child

Programs and activities are to be carried out for the benefit of Indian children.

Although Tribal Lead Agencies have some flexibility in defining “Indian Child,” the definition must be limited to children from federally recognized Indian Tribes, consistent with the CCDBG Act’s definition of Indian Tribe (98.2).

This information could include children who are Tribal members, whose membership is pending, who are eligible for membership, and/or are children/descendants of members and could also include adopted children, foster children, step-children, etc.

1.5.1.1 The Tribal Lead Agency defines an “Indian child” as: Children who are enrolled in a Federally Recognized Indian Tribe, whose membership is pending, who are eligible for membership, and/or are direct descendants of enrolled members of a Federally Recognized Indian Tribe.

1.5.2 Indian Reservation or Service Area
Programs and activities are to be carried out for the benefit of Indian children living on or near the Indian reservation or service area. The service area must be within reasonably close geographic proximity to the borders of a Tribe’s reservation (except for Tribes in Alaska, California, and Oklahoma). Tribes that do not have reservations must establish service areas within reasonably close geographic proximity to the area where the Tribe’s population resides.

There is an expectation that the Tribal Lead Agency will be able to provide services to families throughout the service area. ACF will not approve an entire state as a Tribe’s service area. Tribal Lead Agencies can limit services within the reservation boundaries or go beyond the reservation boundaries.

If a Tribal Lead Agency establishes a different service area than the borders of the Tribe’s reservation or existing service area for CCDF purposes, it must be within reasonably close geographic proximity (6580(c)(2)(B); 98.80(e); 98.81(b)(2)(ii); 98.81(b)(3)(ii); 98.83(b)); for example, “Permanent residence is within the reservation boundaries; however, the participant is temporarily attending school outside of the reservation area,” or “[the participant] resides within 20 miles of the reservation boundaries.”

1.5.2.1 The Tribal Lead Agency defines the Reservation/Service Area as: The interior boundaries of the Fort Belknap Indian Reservation and the towns of Harlem, Montana and Dodson, Montana which are within 10 miles from the exterior boundaries of the Fort Belknap Indian Reservation.

1.5.2.2 Optional: Attach a clearly labeled map of the service area

Optional: In addition to the description above, a clearly labeled map of the service area is attached.
Attachment #: Document was not provided by TLA

1.6 Child Count

For the purposes of determining a Tribe/Tribal organization’s annual CCDF program funding level, the Tribal Lead Agency is required to conduct and submit a triennial child count of children younger than age 13, as defined in 98.81(b)(2)(i). The Child Count Declaration will be submitted every 3 years with the triennial Plan. For the FY 2023 – FY 2025 Plan period, the child count must be submitted by July 1, 2022. For new Tribal Lead Agencies entering outside the Plan cycle, the child count will be submitted with their CCDF Plan.

The Tribal child count will be effective from October 1, 2022, to September 30, 2025, and will be valid for 3 years. If the consortium gains or loses one of its member organizations, then the adjustments will be made accordingly.

The Tribal Lead Agency may not count any children who are included in the child count of another CCDF Tribal Lead Agency. The Tribal Lead Agency is required to confer with all other CCDF Tribal Lead Agencies that have overlapping or neighboring service areas (98.61(c); 98.62(c); 98.80(b)(1); 98.81(b)(4)).

The child count submitted is not reflective of the number of children who receive direct services. Instead, the child count gives the number of potentially eligible children who meet the Tribal Lead Agency’s definition of Indian Child, and who reside in the designated service area.
Tribes that operate under an approved P.L. 102-477 Plan shall submit their triennial child counts of children younger than age 13 by July 1, 2022. The child counts will be effective from October 1, 2022, through September 30, 2025. Complete the “Child Count Declaration” at Appendix 1-A. The form also requests P.L. 102-477 Tribes that would like to make a request for reallocated Tribal discretionary funds to indicate that by checking “yes” or “no” if these funds become available.

1.6.1 Adjacent and Overlapping Service Areas

1.6.1.1 Adjacent and Overlapping Service Area(s) of other Tribal Lead Agencies

Is the service area (as defined in 1.5.2) adjacent to, or overlapping with, the service area(s) of any other Tribal Lead Agencies?

[ ] No

[ ] Yes

[ ] Identify those other Tribal Lead Agencies with neighboring or overlapping service areas.
Describe:

[ ] Describe the Tribal Lead Agency’s process for ensuring unduplicated child counts for this overlapping service area:

1.6.2 Child Count Declaration

1.6.2.1 Complete the “Child Count Declaration” at Appendix 1.

A Tribal Consortium must submit an individual Child Count Declaration, signed by an individual authorized to act for the Tribe, for each participating Tribe; a summary listing the name of each participating Tribe; each participating Tribe’s individual child count; and the total child count for the entire consortium.

A “Child Count Declaration” is attached at Appendix 1.

1.7 Types of CCDF Providers

The Final Rule established three categories of care:

- Center-based child care: Group care provided in a facility outside of the child’s or provider’s home
- Family child care: Care provided in a private residence other than the child’s residence
- In-home child care: Care provided in the child’s home

Tribal Lead Agencies have flexibility in the types of child care providers that offer direct care to families and children. For example, a Tribal Lead Agency may provide direct child care services through a Tribally Operated Center, or a Tribal Lead Agency with a small allocation may not offer direct services at all. In addition, Tribal Lead Agencies may choose to regulate child care providers through a state licensing agency rather than a Tribal agency.
1.7.1 Providers That Offer Direct Services

1.7.1.1 Types of providers offering direct services to families and children.

Select the types of providers that offer services directly to families and children in the Tribal CCDF Program. The following list includes some variation in describing the types of direct service providers in the Tribal CCDF program, but additional sections will refer to the three categories of care. Check only those that apply:

- [x] Tribally Operated Center(s)
- [ ] Tribally regulated (or licensed) center-based providers (not operated by the Tribal Lead Agency)
- [x] Tribally regulated (or licensed) family child care providers
- [x] State-licensed center-based providers
- [x] State-licensed family child care providers
- [ ] License-exempt center-based providers
- [ ] License-exempt family child care providers
- [x] Relative care providers over age 18
- [x] In-home providers (care in the child’s home)

[ ] This Tribal Lead Agency does not offer direct services to families through the Tribal CCDF Program. (Only Tribal Lead Agencies with small allocations can opt to not offer direct services.)

- [ ] Tribally Operated Center(s)
- [ ] Tribally regulated (or licensed) center-based providers (not operated by the Tribal Lead Agency)
- [ ] Tribally regulated (or licensed) family child care providers
- [ ] State-licensed center-based providers
- [ ] State-licensed family child care providers
- [ ] License-exempt center-based providers
- [ ] License-exempt family child care providers
- [ ] Relative care providers over age 18
- [ ] In-home providers (care in the child’s home)

1.8 Coordination of Services

The Tribal Lead Agency is required to coordinate services with other Tribal, Federal, state, and/or local child care and early childhood development programs with agencies responsible for public health, employment services/workforce development, public education, the Temporary Assistance for Needy Families program, etc. (658D(b)(1)(D); 98.14(a)(1)(i-xiv); 98.14(a)(4)).

1.8.1 Coordination of the delivery of CCDF services with state or Tribal agencies or entities.

Tribal Lead Agencies must demonstrate in the Plan how they encourage partnerships among Tribal agencies, other public agencies, other Tribes and Tribal organizations, private entities, and community-based organizations to leverage existing service delivery systems, and to increase the supply and quality of child care and development services.
Describe the ways that the Tribal Lead Agency coordinates the delivery of CCDF services with the following state, and if applicable, Tribal agencies or entities, and the results of those coordination efforts (e.g., shared goals/purposes for coordination, the process for coordinating). Check and describe only those that apply:

[x] Public health, including the agency responsible for immunizations. Description/Results: The Tribal Public Health Nursing Program is available to ensure that we maintain up-to-date immunization records for the children and providers that participate in our program. The Public Health Nursing Program also provides current TB test results for our Providers. Upon request, Public Health Nursing will provide information and training on topics such as infectious diseases and control, SIDS/Safe Sleep, Mandatory Child Abuse and Neglect reporting and Tobacco Reduction and exposure, to name a few.

[x] Employment services/workforce development. Description/Results: The CCDF Program works closely with the Tribal 477 Program and Human Resources to identify and recruit eligible child care providers. The CCDF Program works with Tribal TANF to provide services to the Fort Belknap TANF recipients.

[x] Public education. Description/Results: The CCDF Program provides services to school age children for after school care. The CCDF Program require our Providers attend training that enhances our after school program and offers a quality learning environment for the children in our program. Our Program Providers are encouraged to work toward a degree in early childhood education while providing resources to succeed.

[x] Temporary Assistance for Needy Families program. Description/Results: The CCDF Program coordinates with Tribal 477/TANF Program in an effort to provide services to their program clients. The CCDF program sets up a monthly calendar informing their clients of upcoming first aid/cpr classes, recruitment efforts and encourages 477/TANF participants to apply for child care assistance while attending school or upon entering the workforce.

[x] Child care licensing. Description/Results: Fort Belknap Indian Community Tribal Government offers a child care certificate giving an individual or organization permission to care for children in our service area based on existing approved standards. The requirements to care for children are as follows: favorable criminal background check, pre-employment drug test, valid identification, current First Aid/CPR, Release of Information, Health Statement, current immunizations to include TB test and W-9. Additional requirements include home safety inspections (one announced, one unannounced), completion of Health and Safety Training offered through the State of Montana at www.childcaretraining.org, (training must be completed within the first 90-days of employment) and all providers must receive 16 professional development training hours in child development per year.

[x] Head Start. Description/Results: The CCDF Program has a partnership with the Fort Belknap Early Head Start and Fort Belknap Head Start Programs. We have consistent communication in our efforts to provide a stable, safe environment and deliver quality services to our children.
State Advisory Council on Early Childhood Education and Care or similar coordinating body. Description/Results:

Statewide afterschool network or other coordinating entity for out-of-school time care (if applicable). Description/Results: The Blossom Quisno Memorial Child Care Center Wrap Around Program participates in the State of Montana CACFP program which reimburses the cost of food including snacks to the program. The CCDF Director works with the State of Montana's Early Learning Network on providing transitional services to the Head Starts graduating 4-year-old's as they transition into the public school system.

Emergency management and response. Description/Results: The CCDF Program works with the State of Montana in delivering classes on Emergency Preparedness and Emergency Response Plans for each of our providers. The Providers are required to have a plan and emergency numbers in place for each emergency. The Fort Belknap Child Care Program has an emergency action plan in place and Providers are required to understand the protocols for each emergency.

Child and Adult Care Food Program (CACFP) and other relevant nutrition programs. Description/Results: The Fort Belknap Child Care Program is a participant of the Child and Adult Food Program (CACFP) with the State of Montana. The CACFP State program will reimburse the cost of food preparation for the Child Care Center. The Fort Belknap Child Care Center works with the Indian Health Services Nutritionist to provide nutritious meals and approved menus for our children.

McKinney-Vento state coordinators for homeless education and other agencies providing services for children experiencing homelessness and, to the extent practicable, local McKinney-Vento liaisons. Description/Results: Children of homeless families are considered "Priority" for services in the Fort Belknap Child Care Program. Research and data indicate that that children experiencing homelessness have significant negative impacts on their academic, social and emotional health. The Fort Belknap Child Care Program has a policy that gives priority to participants who are experiencing homelessness providing they are income eligible. The Child Care Program will provide connections to the FBIC Housing authority and the Tribal TANF Program for job placement, education and monthly stipends to stabilize the family situation.

Agencies responsible for Medicaid and the State Children's Health Insurance Program. Description/Results: The Tribal CCDF Program does not address Medicaid or State Health Insurance Programs but will refer clients to advocates of the Medicaid and/or CHIP programs through the State of Montana.

Mental health services. Description/Results: The CCDF Program will work on a case-by-case basis to refer children to the mental health services offered through the Tribal Health Department program. The Clinical Psychologist currently on-staff at the Tribal Health Department will provide services to our children upon request.

Child care resource and referral agencies, child care consumer education organizations, and providers of early childhood education training and professional development. Description/Results: The Child Care Program and the State of Montana's Resource and Referral agency work together to
ensure out services do not overlap and coordinate our efforts to provide services to low-income families who may be temporarily

[x] Other agencies or entities with which the Tribal Lead Agency coordinates. Description/Results: The CCDF Program works with the local Social Services Department and the Tribal Courts in providing child care services to Foster Children and Children designated as under the supervision of the Tribal Courts. These children are designated as special needs children and will be treated as a family of one.

The CCDF Program will offer respite care for Foster Families and non-traditional hours.

1.8.2 Underserved Populations

In determining the Tribal community’s child care needs, Tribal Lead Agencies must include underserved populations, such as infants and toddlers, families experiencing homelessness, children with special needs, and children in need of non-traditional hours of care.

1.8.2.1 Underserved populations in determining the Tribal community’s child care needs.

Which underserved populations are included in determining the Tribal community’s child care needs? Check all that apply:

[x] Infants and toddlers

[x] Families experiencing homelessness

[x] Children with special needs

[x] Children in need of non-traditional hours of care

[x] Other. Describe: Respite care will be provided to foster families not to exceed 24 hours per month. Respite care provides short term relief for primary caregivers. It can be arranged for an afternoon or several days not to exceed the synchronized time allowed per month.

1.9 Program Integrity and Accountability

The Tribal Lead Agency, as the single point of contact for the administration of the Tribal CCDF program, is responsible for making sure that policies and procedures are in place to monitor programs and services; ensuring compliance with the rules of the program; and providing oversight in the expenditure of all funds, including identifying improper payments and undertaking fraud prevention and recovery efforts (98.11(b); 98.60(i); 98.66; 98.67; 98.68).

1.9.1 Identify Improper Payments

Tribal Lead Agencies are required to describe effective internal controls to identify improper payments through program policies and fiscal procedures.

1.9.1.1 How does the Tribal Lead Agency prevent and identify improper payments?
How does the Tribal Lead Agency prevent and identify improper payments? Check only those that apply:

- [x] Train staff on CCDF policies and regulations.
- [ ] Conduct supervisory staff reviews or quality assurance reviews.
- [x] Share data with other programs (e.g., state CCDF program, Tribal or state TANF program, Head Start, CACFP, other Tribal offices).
- [x] Run system reports that flag errors.
- [x] Review enrollment documents and attendance or billing records.
- [x] Review provider records.
- [x] Perform ongoing monitoring and assessment of policy implementation.
- [x] Other. Describe: The Fort Belknap Child Care Program follow the Fort Belknap Indian Community Financial Management Manual on allowable and disallowable cost. The Child Care Program for the FBIC cost allocation and procurement policies and procedures.

1.9.1.2 Investigating and collecting improper payments resulting from fraud

The Tribal Lead Agency is required to recover improper payments that are the result of fraud. How does the Tribal Lead Agency investigate and collect improper payments resulting from fraud? Check only those that apply:

- [x] Coordinate with and refer to other Tribal, state, or Federal agencies (e.g., Tribal Council, law enforcement).
- [x] Require recovery if the improper payment exceeds a specific dollar amount. Identify the minimum dollar amount: $20.00
- [x] Recover through repayment plans.
- [x] Reduce payments in subsequent months.
- [x] Recover through payroll deductions (i.e., for CCDF clients, providers, and staff employed by the Tribe).
- [ ] Other. Describe:

1.9.1.3 Recovering improper payments from unintentional errors/program violations.

The Tribal Lead Agency has the flexibility to recover improper payments that are the result of unintentional errors/program violations. Does the Tribal Lead Agency choose to investigate and collect improper payments resulting from unintentional errors/program violations?
[ ] No.

[X] Yes. How will the Tribal Lead Agency investigate and collect improper payments resulting from unintentional errors/program violations? Check only those that apply:

[X] Coordinate with and refer to other Tribal, state, or Federal agencies (e.g., Tribal Council, law enforcement).

[X] Require recovery if the improper payment exceeds a specific dollar amount. Identify the minimum dollar amount: $20.00

[X] Recover through repayment plans.

[X] Reduce payments in subsequent months.

[X] Recover through payroll deductions (for CCDF clients, providers, and staff employed by the Tribe).

[X] Other. Describe: The Fort Belknap Child Care Program will seek repayment of substantiated unintentional errors/program violations and may coordinate with other Tribal, State or Federal Agencies.

1.10 Disaster Preparedness and Response Plan

In past disasters, and in response to the coronavirus disease 2019 (COVID-19) pandemic, the provision of emergency child care services, and the process of rebuilding and restoring the child care infrastructure has emerged as an essential service. Tribal Lead Agencies are required to establish a Child Care Disaster Plan for the Tribal Service Area (658E(c)(2)(U); 98.16(aa)). They must describe how they will address the needs of children, including the need for safe child care before, during, and after a state of emergency declared by the Governor or Tribal Chief Executive or a major disaster or emergency (as defined by Section 102 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5122).

1.10.1 Child Care Disaster Plan Coordination

1.10.1.1 Child Care Disaster Plan developed in collaboration with appropriate stakeholders.

Describe how the Child Care Disaster Plan was developed in collaboration with the appropriate stakeholders, which may include other programs within the Tribal Lead Agency’s governance structure or any other stakeholders identified by the Tribal Lead Agency: The Fort Belknap Tribal CCDF requires that all child care centers, group homes and family child care homes have a written plan for disasters and mass casualties. The plan must include actions for fire, flood, earthquake, and other natural disasters. The plan must include information on how you will manage evacuation and temporary relocation. The CCDF Program works with the local Emergency Preparedness team on responses in case of emergency to ensure the needs of children are met. Providers need to show how they will contact emergency services, location of exits, utilities and emergency equipment. The Fort Belknap CCCDF will work with child care providers on the development of their plan and training opportunities for implementing their plan.
The Fort Belknap CCDF will coordinate with local, state and federal agencies in the case of a major disaster.

1.10.2 Disaster Plan Guidelines for Child Care Subsidies and Child Care Services

1.10.2.1 Child Care Disaster Plan with guidelines for child care subsidies/services.

Describe how the Child Care Disaster Plan includes the Tribal Lead Agency’s guidelines for the continuation of child care subsidies and child care services, which may include the provision of emergency and temporary child care services during a disaster, and temporary operating standards for child care after a disaster: The Fort Belknap CCDF Program will adopt the following emergency service plans: FEMA Emergency Management Institute, Fort Belknap Emergency Plan and the State of Montana's Emergency Preparedness Plan. If and when disaster strikes, we will have situational plans in place to cover every possible emergency. The Fort Belknap CCDF Program has the responsibility in assisting Tribal Child Care homes and providers with temporary child care in the aftermath of a disaster and support for child care providers in their efforts to rebuild and repair damaged homes/facilities while ensuring continuity of care of services for the families receiving assistance through the CCDF Program. As a primary federal agency responsible for supporting State and local efforts to respond to and recover from disasters, FEMA provides reimbursement through the Public Assistance (PA) grant program to assist Tribes. The Fort Belknap CCDF will work with the FEMA Public Assistance Program and individuals and households regarding reimbursement for childcare services and emergency repairs during federally declared major disasters and emergencies.

1.10.3 Post-Disaster Recovery

1.10.3.1 Procedures for coordination of post-disaster recovery of child care services.

Describe Tribal Lead Agency procedures for the coordination of the post-disaster recovery of child care services: The Fort Belknap CCDF Program will coordinate with Local, State and Federal Agencies in a post-disaster recovery of child care services and the FEMA public Assistance Procedure. This procedure can assist the program with the response to and recovery from major disasters and emergencies. The FEMA Public Assistance Program provides assistance for the repair, replacement or restoration of disaster-damaged facilities as well as the cost of removing debris and other emergency protective measures.

1.10.4 Disaster Procedures

1.10.4.1 Confirmation that providers’ disaster procedures are in place.

Describe how the Tribal Lead Agency ensures that providers who receive CCDF program funds have the following procedures in place:

- evacuation;
- relocation;
- shelter-in-place;
lockdown;
communications with and reunification of families;
continuity of operations;
and accommodations for infants and toddlers, children with disabilities, and children with chronic medical conditions (98.41(a)(1)(vii)).

(Note: The Tribal Lead Agency should also describe these requirements for CCDF providers in Section 2.1.2.7 Standards and Training Requirements for Emergency Preparedness and Response Planning.)

The Fort Belknap CCDF Providers are required to make available an emergency response plan for:

Abduction/Intruder/Hostage Procedure
Contamination Procedure
Bomb Threat/Threatening Call Procedure
Suspicious Objects/Hazardous Materials Procedure
Medical Crisis Procedure
Earthquake/Building Collapse Procedure
Fire Evacuation Procedure
Severe Weather/Flooding Procedure

The Fort Belknap CCDF Providers must have available:

An Evacuation Plan
A Relocation Plan
A Safe Place Plan
A Shelter-In-Place Plan
Emergency Closure Plan
Lock Down Plan
Chronic Medical Condition Plan

There will also available contact information with emergency numbers for emergency programs. Emergency contact information for parents/guardians of each child as well as alternative contact information in the event the parent is not available.

1.10.5 Emergency Preparedness Training

1.10.5.1 Provider emergency preparedness training and practice drills.

Describe how the Tribal Lead Agency requires child care staff and volunteers (for providers who receive CCDF program funds) to complete emergency preparedness training and practice drill procedures. (Note: The Tribal Lead Agency should also describe these requirements for CCDF providers in Section 2.1.2.7 Standards and Training Requirements for Emergency Preparedness and Response Planning.) the Fort Belknap CCDF Program Providers must complete the online training module provided by the State of Montana (www.childcaretraining.org) within 90-days of service to our program. Once they have completed the training, providers are required to develop an
Emergency Preparedness Plan detailing the procedures they will have in an emergency situation. Providers will also have all contact information for each child in their care.

2 Establish Standards and Monitoring Processes To Ensure the Health and Safety of Child Care Settings

Health and safety requirements apply to all Tribes regardless of allocation size and apply to all child care providers who receive CCDF program funds, including providers who only receive quality funds. All Tribal Lead Agencies must certify that there are health and safety requirements applicable to providers serving CCDF children in effect. These health and safety requirements must be appropriate to the provider setting (i.e., center-based child care including Tribally Operated Centers), family child care, or in-home child care) and age of the children served, must include specific topics and training on those topics, and are subject to monitoring and enforcement procedures to ensure that providers are complying with the requirements.

This section covers health and safety and comprehensive background checks requirements, including:

- Health and safety standards (98.41(a))
- Health and safety training (98.44(b))
- Monitoring and enforcement procedures to ensure that child care providers comply with health and safety requirements (98.16(n))
- Exemptions made for relative care providers over age 18 (98.16(l))
- Group size limits; child/staff ratios; and required qualifications for caregivers, teachers, and directors (98.16(m))
- Comprehensive background check requirements (98.16(o))

2.1 Overview of Health and Safety Standards and Monitoring

2.1.1 Overview of health and safety standards and monitoring.

Use the tables below to describe the health and safety standards used by the Tribal Lead Agency for each provider type, and the agency responsible for monitoring and enforcing the health and safety standards.

Use the tables below to describe the health and safety standards and monitoring agency for each category of care offered.

- If the Tribal Lead Agency has developed its own standards (even if those standards were adapted from other sources, such as Caring for Our Children: Basics and/or Minimum Health and Safety Standards: A Guide for American Indian and Alaskan Native Child Care and Development Fund Grantees or state licensing standards), check “Tribal Standards.”
• If the Tribal Lead Agency requires providers to meet standards established by a state agency (such as state licensing agency or state department of education), check “State Standards.”

• If the Tribal Lead Agency requires providers to meet standards from more than one source (e.g., state licensing standards for off-reservation providers and tribally developed standards for providers on the reservation), check “Tribal Standards,” “State Standards,” and “Other Standards or Combination of Standards” and describe which standards apply to which providers.

• If the Tribal Lead Agency requires providers to meet standards from a source not listed in the table (such as Indian Health Service, the Child and Adult Care Food Program, Caring for Our Children: Basics, and Caring for Our Children), then check “Other Standards or Combination of Standards” and describe the standards and the source(s) of the standards.

• If monitoring and inspection is conducted by an entity or agency other than the Tribal Lead Agency, such as the state licensing agency or the Indian Health Service, please indicate who conducts the visits and how the Tribal Lead Agency obtains the results of the monitoring. In cases where a combination of monitors/inspectors are used, check those that apply and provide a description.

### 2.1.1.1 Health and Safety Standards Used by the Tribal Lead Agency

Note: Provider Categories are enabled based on the Provider Types specified in 1.7.1 Providers that Offer Direct Services.

#### Provider Categories

**Center-Based Child Care**

- [x] Tribal Standards
- [x] State Standards

**State(s):** The Fort Belknap Child Care Program, CCDF, has adopted Caring For Our Children, 4th Edition, as our standards, however we have adopted the State of Montana's licensing standards for our off-reservation group home program.

2.1.2 Tribal Lead Agencies that select only “state standards” and “state monitoring”

Tribal CCDF programs that only use state-licensed providers for all provider types can skip detailed descriptions of the health and safety standards, training requirements, the health and safety monitoring, and enforcement policies and practices. Skip to 2.4.

2.1.2.1 Optional: Tribal Lead Agencies that rely only on state health and safety standards and monitoring to regulate all provider types may provide web links to relevant state agency policies.

2.2 Health and Safety Standards and Training Requirements for CCDF Providers

Tribal Lead Agencies are required to establish health and safety standards for all types of child care programs (i.e., center-based child care, including Tribally Operated Centers, family child care, or in-home child care) serving children receiving CCDF assistance, relating to the topics listed below, as appropriate to the provider setting and age of the children served (98.41(a)). This requirement is applicable to all child care providers receiving CCDF program funds, including those providers who are receiving only CCDF quality dollars through the Tribal Lead Agency. The only exception to this requirement is for providers over age 18 who are caring for their own relatives; Tribal Lead Agencies have the option to exempt relative care providers over age 18 from the health and safety requirements (defined in CCDF regulations as grandparents, great-grandparents, siblings if living in a separate residence, aunts, and uncles (98.42(c))). This exemption applies only if the individual cares for relative children only. Exemptions for relative providers’ standards and training requirements will be addressed in section 2.3.

Tribal Lead Agencies are required to have minimum pre-service and/or orientation training requirements (to be completed within 3 months) for caregivers, teachers, and directors, as appropriate to the provider setting and the age of children served, that address the health and safety requirements described in 2.1.2 and 2.1.3 and child development.

Tribal Lead Agencies must also have ongoing training requirements on the health and safety topics for caregivers, teachers, and directors of children receiving CCDF program funds (658E(c)(2)(I)(i); 98.44(b)(1)(iii)). The Tribal Lead Agency must describe its requirements for pre-service/orientation training and ongoing training.

Tribal Lead Agencies have flexibility in determining the number of training hours to require, but they may consult Caring for Our Children: Basics and/or Minimum Health and Safety Standards: A Guide for
American Indian and Alaskan Native Child Care and Development Fund Grantees for best practices and recommended guidelines to address these training requirements.

2.2.1 Health and Safety Standards

Certify by describing how the following health and safety standards and ongoing training requirements for programs serving children receiving CCDF assistance are defined and established on the required topics (98.16(l)).

**Note:** Monitoring and enforcement will be addressed in subsection 2.2.

For each of the required health and safety topics, Tribal Lead Agencies must provide their definition and any variations based on the category of care (i.e., center-based child care, including Tribally Operated Centers, family child care, or in-home child care) and the ages of children served.

For example, Tribal Lead Agencies need to ensure that providers follow their safe-sleep practices for each age group in a center-based child care program. As such, Tribal Lead Agencies need to set standards around infant sleep practices (e.g., activities that prevent sudden infant death syndrome [SIDS]) and to ensure that providers who care for infants are trained on and met these standards. Likewise, Tribal Lead Agencies would set different safe-sleep standards for children of different ages (e.g., no safe-sleep practices for school-age children) and would ensure that providers who cared for children of other ages were aware of and met those standards.

2.2.1.1 Prevention (including immunizations) and control of infectious diseases.

Standard(s): Provide a brief summary of how this standard is defined. The description should identify the practices that must be implemented by child care programs. Include any variations based on the category of care or ages of the children served: The CCDF Program has adopted the Caring for Our Children Basic Standards and recognizes the importance of standard precautions developed by the Center for Disease Control (CDC) in regards to procedures and preventive measures used to reduce the risk of infectious diseases. All of our enrolled children are required to update their immunization records prior to utilizing our program. The program has policies on the prevention and control of infectious diseases, a diaper changing policy, a hand washing policy, an oral hygiene policy, as well as routine cleaning, sanitizing and disinfection policies. Each Provider is required to submit their updated immunization record and TB test results before entry into the CCDF Program. Each Provider in our program will be trained on the prevention and control of infectious diseases.

Pre-Service and Orientation Training:

To demonstrate compliance, certify by checking below how the Tribal Lead Agency requires this training topic be completed by providers during either pre-service or during an orientation period within 3 months of hire. Include any variations based on the category of care or ages of the children served.

[x] Pre-service

[x] Orientation within 3 months of hire

2.2.1.2 Prevention of SIDS and the use of safe-sleep practices.
1. Standard(s): Provide a brief summary of how this standard is defined. The description should identify the practices that must be implemented by child care programs. Include any variations based on the category of care or ages of the children served: The FBIC Child Care Program requires that our Providers be trained on Sudden Infant Death Syndrome and Safe Sleep Practices. The program has a Safe Sleep Policy that is distributed to all Providers and potential Providers of our program. We utilize the State of Montana’s childcaretraining.org website to provide these trainings. In addition to orientation of the Fort Belknap Child Care Safe Sleep Policy, Providers are required to complete the on-line training course within 30 days of entry into our program.

2. Pre-Service and Orientation Training:

To demonstrate compliance, certify by checking below how the Tribal Lead Agency requires this training topic be completed by providers during either pre-service or during an orientation period within 3 months of hire. Include any variations based on the category of care, or ages of the children served.

- [x] Pre-service
- [x] Orientation within 3 months of hire

2.2.1.3 Administration of medication, consistent with standards for parental control.

1. Standard(s): Provide a brief summary of how this standard is defined. The description should identify the practices that must be implemented by child care programs. Include any variations based on the category of care or ages of the children served: The Fort Belknap CCDF Program utilizes the State of Montana’s Medication Administration Training website to provide training for our Providers. The Fort Belknap Child Care Program developed a Medication Administration Policy as a part of the Provider packet they are given. This policy and the attached form would be used to administer any medication including over-the-counter medication. Prior to administering medication, Providers must be trained on the administration of medication by a licensed medical provider. The provider will keep a medication log for time and date of administration. Prescription and over-the-counter medication must be in the original container, with the child’s name, name of medication, dosage and how often to administer the medication. Documentation of possible side-effects must be submitted.

2. Pre-Service and Orientation Training:

To demonstrate compliance, certify by checking below how the Tribal Lead Agency requires this training topic be completed by providers during either pre-service or during an orientation period within 3 months of hire. Include any variations based on the category of care or ages of the children served.

- [x] Pre-service
- [x] Orientation within 3 months of hire

2.2.1.4 Prevention of and response to emergencies due to food and allergic reactions.

1. Standard(s): Provide a brief summary of how this standard is defined. The description should identify the practices that must be implemented by child care programs. Include any variations based on the category of care or ages of the children served: The CCDF Program shall have in place a procedure for
responding to immediate medical emergencies, the procedures shall be posted and readily accessible. If any allergic reaction is observed, the parent and health care provider will be notified immediately. If life threatening, 911 will be called. Each child with a food or other allergy shall have a written care plan. Any child with food allergies will be identified and posted where food is being prepared and served. A detailed treatment plan will be readily available and implemented in the event of an allergic reaction.

2. Pre-Service and Orientation Training:

To demonstrate compliance, certify by checking below how the Tribal Lead Agency requires this training topic be completed by providers during either pre-service or during an orientation period within 3 months of hire. Include any variations based on the category of care, or ages of the children served.

[x] Pre-service
[x] Orientation within 3 months of hire

2.2.1.5 Safety of building and physical premises.

Safety of building and physical premises, including the identification of and protection from hazards that can cause bodily injury, such as electrical hazards, bodies of water, and vehicular traffic

1. Standard(s): Provide a brief summary of how this standard is defined. The description should identify the practices that must be implemented by child care programs. Include any variations based on the category of care, or ages of the children served: The Fort Belknap CCDF Program requires two annual home inspections, one announced and one unannounced. We inspect for posted plans in case of emergencies (escape routes, etc.), telephone numbers to local agencies in the event of emergencies and emergency contact information of each child. We inspect for child safety features such as guardrails/protective barriers, safety covers for electrical outlets, storage of toxic substances, fire extinguishers, fire and carbon monoxide detectors, safety of equipment and furnishings, children's play areas and cribs. The homes must have First Aid and Emergency Supplies. We inspect for pest infestation. There is a strict weapons policy, no transportation policy and water policy. Each Provider is required to complete the "Protecting the Children from Harm" health and safety course that is offered on-line.

2. Pre-Service and Orientation Training:

To demonstrate compliance, certify by checking below how the Tribal Lead Agency requires this training topic be completed by providers during either pre-service or during an orientation period within 3 months of hire. Include any variations based on the category of care, or ages of the children served.

[x] Pre-service
[x] Orientation within 3 months of hire

2.2.1.6 Prevention of shaken baby syndrome, abusive head trauma, and child maltreatment.

1. Standard(s): Provide a brief summary of how this standard is defined. The description should identify the practices that must be implemented by child care programs. Include any variations based on the
category of care or ages of the children served: The Fort Belknap Child Care Program is committed to safeguarding the well-being of the children entrusted to our care. The Mandatory Child Abuse Reporting Policy addresses the program’s obligations when child abuse is suspected. This policy describes the program’s mandatory reporting obligations when child abuse is suspected, what to report, details of how to make a report and where to submit a report. All Providers are mandatory reporters when they have reasonable cause to suspect that a child, who is in their care, may be a victim of child abuse.

The FBIC Child Care Program requires that all Providers complete training in shaken baby syndrome, child abuse and neglect and mandatory reporting on-line.

2. Pre-Service and Orientation Training:

To demonstrate compliance, certify by checking below how the Tribal Lead Agency requires this training topic be completed by providers during either pre-service or during an orientation period within 3 months of hire. Include any variations based on the category of care, or ages of the children served.

[x] Pre-service
[x] Orientation within 3 months of hire

2.2.1.7 Emergency preparedness and response planning

Emergency preparedness and response planning resulting from a natural disaster or a human-caused event (such as violence at a child care facility), within the meaning of those terms under section 602(a)(1-2) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5195a(a)(1-2)).

1. Standard(s): Provide a brief summary of how this standard is defined. The description should identify the practices that must be implemented by child care programs. Include any variations based on the category of care, or ages of the children served: All Providers shall have a plan and procedures in place for responding to a natural disaster or human-caused events. Programs will have in place written plans on emergency medial care, communication and drills to prepare children in case of emergencies.

Tribal CCDF Providers will complete training in Emergency Preparedness and Planning for for natural disasters and shelter-in-place policies. Providers will have readily accessible contact numbers for parents, emergency department numbers, emergency first aid kits and lists of children in their care with medical information relevant to each child. (ie: allergies, medical diagnosis). Providers will have a daily sign-in sheet to account for all children in their care.

2. Pre-Service and Orientation Training:

To demonstrate compliance, certify by checking below how the Tribal Lead Agency requires this training topic be completed by providers during either pre-service or during an orientation period within 3 months of hire. Include any variations based on the category of care, or ages of the children served.

[x] Pre-service
2.2.1.8 Handling and storage of hazardous materials and the appropriate disposal of biocontaminants.

1. Standard(s): Provide a brief summary of how this standard is defined. The description should identify the practices that must be implemented by child care programs. Include any variations based on the category of care, or ages of the children served: All hazardous materials and biological contaminants shall not be present where children can access them. Programs shall be trained in the use and disposal of toxic materials and biological contaminants.

Providers are required to attend training on the handling and disposal of toxic substances. All cleaning materials will be stored in a locked area and out of reach of children. All Centers, Group and In-Home providers will be required to have working smoke detectors and Carbon Monoxide detectors. Providers will be educated regarding standard precautions when handling toxic materials and biological contaminants.

2. Pre-Service and Orientation Training:

To demonstrate compliance, certify by checking below how the Tribal Lead Agency requires this training topic be completed by providers during either pre-service or during an orientation period within 3 months of hire. Include any variations based on the category of care, or ages of the children served.

[ ] Pre-service
[ ] Orientation within 3 months of hire

2.2.1.9 Precautions in transporting children (if applicable)

1. Standard(s): Provide a brief summary of how this standard is defined. The description should identify the practices that must be implemented by child care programs. Include any variations based on the category of care, or ages of the children served: Programs should have in place policies that address the transportation of children. The Fort Belknap CCDF Program does not transport children and forbids the transportation of children by our Providers. Parents/Guardians will pick up and drop off their children at their respective child care facility.

2. Pre-Service and Orientation Training:

To demonstrate compliance, certify by checking below how the Tribal Lead Agency requires this training topic be completed by providers during either pre-service or during an orientation period within 3 months of hire. Include any variations based on the category of care, or ages of the children served.

2.2.1.10 Pediatric first aid and cardiopulmonary resuscitation (CPR)
1. Standard(s): Provide a brief summary of how this standard is defined. The description should identify the practices that must be implemented by child care programs. Include any variations based on the category of care, or ages of the children served: **All Child Care Providers will have successfully completed First-Aid/ CPR and Infant First-Aid/CPR with official documentation in their personnel file. All Providers will be required to complete First-Aid/CPR and infant pediatric First-Aid/CPR prior to providing direct care to the children in our program.**

2. Pre-Service and Orientation Training:

To demonstrate compliance, certify by checking below how the Tribal Lead Agency requires this training topic be completed by providers during either pre-service or during an orientation period within 3 months of hire. Include any variations based on the category of care, or ages of the children served.

2.2.1.11 Recognition and reporting of child abuse and neglect

1. Standard(s): Provide a brief summary of how this standard is defined. The description should identify the practices that must be implemented by child care programs. Include any variations based on the category of care, or ages of the children served: **The Fort Belknap Child Care Program is committed to safeguarding the well-being of the children entrusted to our care and have developed a Mandatory Child Abuse Reporting Policy. This policy addresses the obligation of reporting by the Providers when they suspect that a child, who is in their care, may be a victim of child abuse. The policy addresses the steps Providers will take in documenting and reporting suspected child abuse.**

Providers will complete the on-line training on Child Abuse and Neglect offered through the State of Montana at www.childcaretraining.org

2. Pre-Service and Orientation Training:

To demonstrate compliance, certify by checking below how the Tribal Lead Agency requires this training topic be completed by providers during either pre-service or during an orientation period within 3 months of hire. Include any variations based on the category of care, or ages of the children served.

2.2.1.12 Child Development

1. Describe how training addresses child development principles, including the major domains of cognitive, social, emotional, and physical development and approaches to learning (98.44(b)(1)(iii)). The Fort Belknap CCDF Program works closely with the Head Start/Early Head Start program and uses the newly published CCDF Standards, Stepping Stones Caring for our Children and Caring for our Children Basics as a guide in the development of high quality care.
2. Pre-Service and Orientation Training:

i. Describe any variations based on the category of care, or ages of the children served: All Providers are required to take training courses that cover all ages. The Fort Belknap CCDF Program recognizes the need for quality childcare services, therefore all Providers are trained in all aspects and ages of development. The Fort Belknap CCDF Program uses www.childcaretraining.org and mtecp.org to meet the quality training goals of our program. Local individuals with knowledge of language and traditions are brought in to teach all children, 6 weeks through 12 years, the traditions and languages of our Tribes. Safe Sleep, How Boys & Girls Learn Differently, Fostering Critical Thinking Skills in Early Childhood, Pathway to Kindergarten, and Tune in to Temperament are a few examples of training offered to Providers through www.childcaretraining.org. State of Montana, Family Connections offer our Providers virtual and in-person training such as Using Intentionality when Planning for Children, Play is Learning and There’s No Such Thing as Bad Weather. Each of these offered training modules enhance child development in cognitive, social, emotional and physical play. Providers are required to take 20 training hours per year and encouraged to attend as many as they wish.

ii. To demonstrate compliance, certify by checking below when the Tribal Lead Agency requires these training topics be completed by providers during either pre-service or during an orientation period within 3 months of hire. Check all that apply.

- [x] Pre-service
- [x] Orientation within 3 months of hire

2.2.2 Ongoing Training Requirements

2.2.2.1 Provide the number of hours of ongoing training required annually for eligible CCDF providers in the following settings (658E(c)(2)(G)(iii)).

1. Center-Based Child Care Providers (e.g., Tribally Operated Centers): 20
2. Family Child Care: 20
3. In-Home Child Care (care in the child’s home): 20

2.2.2.2 Describe any variations based on the ages of the children served: Providers will be trained in all areas and age groups

2.2.2.3 How do providers receive updated information and/or ongoing training regarding the standard(s)? This description should include methods to ensure that providers are able to maintain and update the health and safety practices as described in the standards above. Include any variations based on the category of care, or ages of the children served: State of Montana send quarterly training calendars, training held in the area is advertised and offered to Providers, Caregivers have access to training courses offered through childcaretraining.org at any time, Fort Belknap CCDF in conjunction with Fort Belknap Head Start and EHS offer a yearly Pre-Service training that Providers are required to attend.
2.2.3 Optional Standards

The Tribal Lead Agency may also establish standards on optional health and safety topics that reflect the needs of the community served by the Tribal Lead Agency. These optional standards can include those related to nutrition, access to physical activity, care for children with special needs, and any other topic determined to be relevant by the Tribal Lead Agency (98.41(a)(1)(xii)).

2.2.3.1 Optional health and safety standards.

Does the Tribal Lead Agency include optional standards in addition to the required health and safety topics in their health and safety standards?

[ ] No. If no, skip to 2.2.4.

[x] Yes. If yes, please complete the following questions, 2.2.3.2 to 2.2.3.5, as appropriate, on optional health and safety standards.

2.2.3.2 Nutrition.

1. Summarize how this standard is defined, including any variations based on the category of care, or ages of the children served: The Fort Belknap CCDF Program utilizes an after school program and will take advantage of the CACFP training site on nutritional food preparation and will coordinate with the Indian Health Service Nutritionist in the preparation of a menu. The Fort Belknap CCDF Program will continue to utilize www.childcaretraining.org for training in food allergies, the preparation, feeding and storage of human milk and the preparation, feeding and storage of infant formula, warming bottles and infant foods. This will apply to all categories of care.

2.2.3.3 Access to physical activity.

1. Summarize how this standard is defined, including any variations based on the category of care, or ages of the children served: The Fort Belknap CCDF Program will promote developmentally appropriate active play for all children based on age appropriate activities.

2.2.3.4 Caring for children with special needs.

1. Summarize how this standard is defined, including any variations based on the category of care, or ages of the children served: All CCDF Providers are trained on recognition of developmental/behavioral issues and will be offered additional training such as: working with children with autism and classroom management. The Fort Belknap CCDF Program will have a process in place for age appropriate developmental and behavioral screening. The Fort Belknap CCDF has in place an expulsion and suspension or limitation of services policy that prohibits services being withheld without first working with parents on issues pertaining to the care of their children. Caregiver’s are required to read and sign the prohibited caregiver behavior policy that the Fort Belknap CCDF Program has in place. This applies to all categories of care.

2.2.3.5 Other areas promoting child development or protecting children’s health and safety.
Any other areas determined necessary to promote child development or to protect children’s health and safety.

Summarize how this standard is defined, including any variations based on the category of care or ages of the children served: The Fort Belknap CCDF Program have other health and safety measures in effect, such as a No-Nit Policy, an Illness policy and other policies to assure the health and safety of all children in the CCDF Program.

2.2.4 Standards on Child/Staff Ratios, Group Sizes, and Qualifications for CCDF Providers

Tribal Lead Agencies are required to establish child care standards for providers receiving CCDF program funds regarding appropriate child to staff ratios (by age range of the child), group size limits for specific age populations, and the required qualifications for providers based on the type of child care setting (i.e., center-based child care providers (including Tribally Operated Centers), family child care providers, or in-home child care providers). This requirement also applies to providers who are only receiving quality CCDF dollars (658E(c)(2)(H); 98.16(m); 98.41(d)).

Tribal Lead Agencies have flexibility in defining standards and provider types that are reflective of the culture and language, and that meet the needs of the children and families served.

2.2.4.1 Describe standards on child/staff ratios and group sizes for CCDF providers.

Note: Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services

2.2.5 Provide the teacher/caregiver qualifications for each category of CCDF providers.

   2.2.5.1 Center-Based Child Care Providers (e.g., Tribally Operated Centers):
**Note:** Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services

1. Describe the teacher qualifications: *Will possess a minimum of 2 years working experience in an early learning environment, possess an educational equivalent or possess equivalent child care qualifications. Must complete all health and safety requirements and participate in ongoing professional development training.*

2. Describe the director qualifications: *Must possess a Bachelors degree in Education or Business. Must complete required health and safety trainings. There will be no difference in training requirements compared to Caregivers.*

2.2.5.2 Family Child Care Providers:

   **Note:** Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services

   1. Describe the teacher qualifications: *Completed all health and safety requirements and must participate in on-going professional development training offered by the program*

   2. Describe the director qualifications (if applicable):

2.2.5.3 In-Home Child Care Provider (care in the child’s home):

   **Note:** Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services

   1. Describe the teacher qualifications: *Must have completed all health and safety requirements and participate in on-going professional development training offered by the program. Provider will care for one family. Providers own children will count in the provider/child ratio.*

2.3 Monitoring and Enforcement Policies and Practices for CCDF Providers

2.3.1 Enforcement of Health and Safety Requirements

*Tribal Lead Agencies must certify that procedures are in effect to ensure that child care providers caring for children receiving CCDF services comply with all applicable Tribal and/or state and local health, safety, and fire standards, including those described in 98.41 and 98.42(a).*

This certification may include, but is not limited to, any systems used to ensure that providers met health and safety requirements, any documentation required to be maintained by child care providers, and any other monitoring procedures to ensure compliance. Tribal Lead Agencies are subject to the provision at 98.42(b)(2) to require inspections of child care providers and facilities that receive CCDF program funds.

Tribal Lead Agencies must conduct at least one pre-licensure/pre-service inspection for compliance with health, safety, and fire requirements and annual, unannounced inspections for licensed/regulated providers and facilities. Tribal Lead Agencies must also conduct annual inspections for license-exempt CCDF providers for compliance with health, safety, and fire requirements.

*Tribal Lead Agencies may propose an alternative approach to meet the annual inspection requirements.*

In its justification, the Tribal Lead Agency must describe how the alternative approach is appropriately comprehensive and protects the health and safety of children in care.
2.3.1.1 Annual inspections of CCDF providers policies and practices.

Note: Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services

Describe the Tribal Lead Agency’s policies and practices for annual inspections of CCDF providers for compliance with health, safety, and fire requirements for the following categories of providers. In-home child care providers can answer “not applicable” if they are not regulated.

Center-Based Child Care Providers (e.g., Tribally Operated Centers): The CCDF Program will team with the Fort Belknap Indian Health Service Sanitation Department and Fort Belknap Environmental Department will conduct annual inspections of the CCDF Centers for compliance. A certification of the inspection will be provided to the Fort Belknap CCDF Program.

Family Child Care Providers: The Fort Belknap CCDF Compliance Monitor will conduct an initial inspection and semi-annually thereafter. There will be two inspections per year, one announced and one unannounced. The Compliance monitor will follow the Fort Belknap CCDF inspection Checklist.

In-Home Child Care Providers (care in the child’s home): The Fort Belknap CCDF Compliance Monitor will conduct an initial inspection. The Compliance Monitor will monitor the home throughout the year.

2.3.1.2 Does the Tribal Lead Agency have a stand-alone licensing system (Tribal Lead Agencies do not need to describe a state licensing system for state licensed providers)?

Note: Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services

[ ] No (Skip to 2.3.1.3)

[ x ] Yes

If yes, describe the Tribal Lead Agency’s pre-licensure inspections and annual, unannounced inspections for licensed CCDF providers policies and practices for the following categories of providers.

Center-Based Child Care Providers (e.g., Tribally Operated Centers): the Fort Belknap CCDF Program will recruit the Fort Belknap Indian Health Service Sanitation Department to conduct an initial inspection. Yearly inspections will take place thereafter with a certification of the inspection being provided to the CCDF Program.

Family Child Care Providers: The Fort Belknap CCDF Compliance Monitor will conduct an initial inspection and yearly inspections thereafter using the Program’s inspection checklist. There will be one announced and one unannounced inspection per year.

In-Home Child Care Providers (care in the child’s home): The Fort Belknap CCDF Compliance Monitor will conduct an initial inspection. The CCDF Compliance Monitor will monitor the home throughout the year.
2.3.1.3 Alternative approach to inspection requirements.

Does the Tribal Lead Agency have an alternative approach to the inspection requirements at 98.42(b)(2)?

[ ] Yes. Describe how the alternative approach is appropriately comprehensive and protects the health and safety of children in care:

[x] No.

2.3.2 Monitoring Inspectors

Tribal Lead Agencies must have policies and practices ensuring that individuals who are hired as inspectors or monitors are qualified to inspect child care providers and facilities and have received health and safety training appropriate to the provider setting and age of the children served.

Training shall include, but is not limited to, those requirements described in 98.41(a)(1) and all aspects of the requirements detailed in Section 2.1.2 (658E(c)(2)(K)(i)(I); 98.42(b)(1)).

2.3.2.1 Qualifications for inspectors or monitors to inspect facilities and providers.

To certify, describe how the Tribal Lead Agency ensures that inspectors or monitors are qualified to inspect child care facilities and providers: The designated monitoring/compliance CCDF Program staff employee is trained by the State of Montana's Child Care Licensing to conduct inspections the monitoring of the health and safety of Provider homes and the centers. The Fort Belknap CCDF Program has a monitoring procedure in place for on-site facilities and home. The Fort Belknap CCDF Program has a process for indoor/outdoor safety including a checklist that will be utilized before Tribal Licensure is issued to providers. All Providers will have completed all health and safety training requirements the Office of Child Care determines necessary for the good of the children.

2.3.2.2 Inspectors or monitors training on health and safety requirements.

To certify, describe how the inspectors or monitors have received training on health and safety requirements that are appropriate to the age of the children in care, and the type of provider setting (98.42(b)(1)): The designated monitoring/compliance CCDF Program staff employee is trained by the State of Montana, Child Care Licensing, to conduct inspections and monitoring of the health and safety of Provider homes and Centers.

2.3.2.3 Ratio of Inspectors or Monitors to Child Care Providers

The Tribal Lead Agencies must have policies and practices requiring the ratio of inspectors or monitors to child care providers and facilities to be maintained at a level sufficient to conduct effective inspections of child care providers and facilities on a timely basis in accordance with Tribal, Federal, state, and local laws (658E(c)(2)(K)(i)(III); 98.42(b)(3)).

The Fort Belknap CCDF Program is a small allocation Tribe with few providers, one group home and one child care center. The Fort Belknap CCDF Program has one inspector per 13 providers that is qualified to conduct home inspections. The Fort Belknap CCDF utilizes Indian Health Services
Sanitation Technician to for issues of concern of the Tribal CCDF Monitor. (i.e. pest control, sanitation issues, health and safety concerns). Monitoring and Inspections are conducted are done annually upon Child Care Provider recertification and the program also conducts one unannounced inspection/monitoring per year in addition.

2.3.2.4 Policies and practices regarding the ratio of inspectors or monitors to child care providers.

Describe the Tribal Lead Agency’s policies and practices regarding the ratio of inspectors to child care providers (i.e., the number of inspectors per number of child care providers) and facilities within that agency’s inspection area and include how the ratio is sufficient to conduct effective inspections on a timely basis: The Fort Belknap CCDF Program is a small allocation Tribe with few Providers, one group home and one child care center. The Program has one inspector per 13 providers that is qualified to conduct on-going inspections. The inspector is trained by the State of Montana in conducting inspections. The Fort Belknap Indian Health Services Sanitation Technician will conduct inspections for issues of concern, i.e. pest, sanitation and health and safety concerns.

Health and Safety inspections and monitoring will be conducted twice per year, one announced and one unannounced inspection per year.

2.4 Exemptions for Relative Providers

Tribal Lead Agencies have the option to exempt relatives over age 18 (defined in CCDF regulations as grandparents, great-grandparents, siblings if living in a separate residence, aunts, and uncles (98.42(c)) from some/all health and safety requirements. Note: This exception applies if the individual cares only for relative children.

Check and describe, where applicable, the policies that the Tribal Lead Agency has regarding exemptions for eligible relative providers over age 18 for the following health and safety requirements. The description should include the health and safety requirements that relatives are exempt from, if applicable, and which of the federally defined relatives the exemption applies to.

2.4.1 Health and Safety Standards

2.4.1.1 Health and Safety Standards (as described in Sections 2.2.1, 2.2.2, 2.2.4, and 2.2.6).

Note: Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services

[ ] Relative providers are exempt from all health and safety standard requirements

[x] Relative providers are exempt from a portion of health and safety standard requirements.

Describe: Relatives are exempt from the home inspection requirements after the initial inspection. Monitoring will be done when requested by provider although Compliance Monitor will conduct random checks via phone calls or through mail/email.

[ ] Relative providers must fully comply with all health and safety standard requirements.

2.4.2 Health and Safety Training

2.4.2.1 Health and Safety Training (as described in Sections 2.2.2 and 2.2.3).

Note: Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services
Relative providers are exempt from all health and safety training requirements. [ ]

Relative providers are exempt from a portion of all health and safety training requirements. Describe: [ ]

Relative providers must fully comply with all health and safety training requirements.

2.4.3 Monitoring and Enforcement

2.4.3.1 Monitoring and Enforcement (as described in Section 2.3).

Note: Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services [ ]

Relative providers are exempt from all monitoring and enforcement requirements. [x]

Relative providers are exempt from a portion of monitoring and enforcement requirements. Describe: **Relatives are exempt from annual home inspections although they will go through an initial inspection to assure home is adequate to serve children on the CCDF Program.** [x]

Relative providers must fully comply with all monitoring and enforcement requirements.

2.5 Comprehensive Background Checks

In this section, Tribal Lead Agencies will describe the types of providers subject to comprehensive background checks and the methods used for each component of the eight background checks (e.g., which database or repository is checked). In addition, the Tribal Lead Agency will describe the policies in place for disqualifying crimes for employment eligibility, fees, timeliness, and privacy in returning comprehensive background check results. Next, Tribal Lead Agencies will describe the processes in place for child care providers to provisionally employ child care staff (including employee, prospective employee, or household member) when not all the comprehensive background checks are returned. Tribal Lead Agencies will also describe the process for child care staff (including employee, prospective employee, or household member) to appeal unfavorable results. Finally, Tribal Lead Agencies will need to justify and describe their alternative approach, if applicable.

The CCDBG Act requires Tribal Lead Agencies, regardless of allocation size, to have in effect requirements, policies, and procedures to conduct comprehensive background checks for (1) all child care staff members (including prospective staff members) of all child care programs that are licensed, regulated, approved, or registered under Tribal law (including Tribally Operated Centers) and for (2) all other providers eligible to deliver CCDF services (e.g., license-exempt CCDF-eligible providers) (98.43(a)(1)(i)).

2.5.1 Methods used for each of the eight comprehensive background check components (98.43(b))

Under the CCDF rule, a comprehensive background check must include eight separate and specific components (98.43(b)), which encompass three in-state checks, two national checks, and three interstate checks (if the individual resided in another state in the preceding 5 years). Comprehensive background check requirements apply to any staff member who is employed by a child care provider for compensation, including contract employees and self-employed individuals; whose activities involve the care or supervision of children; or who has unsupervised access to children (98.43(b)(2)).

Tribal Lead Agencies must describe the methods used for the background check components, such as the database or repository that is checked or a memorandum of understanding (MOU)/memorandum of
agreement (MOA) or contract with a state or third-party vendor to conduct the checks on the Tribal Lead Agency’s behalf.

Tribal Lead Agencies may use alternative approaches in addition to or instead of the pre-approved methods. For example, Tribal Lead Agencies are encouraged (but not required) to check registries maintained by the Tribe (rather than a state). Tribal Lead Agencies must provide justification in 2.5.7 for using any alternative approaches that are identified in 2.4.1. The alternative approach is subject to ACF approval, and ACF will not approve approaches with blanket exemptions that bypass the intent of protecting children’s safety.

In instances in which a child care provider has already met the state’s background check requirements consistent with the CCDF rule (because that provider is licensed by the state and/or receives CCDF program funding from the state), it is not necessary for the Tribal Lead Agency to require additional or duplicative background checks.

For family child care providers, the comprehensive background check requirement includes the caregiver and household members (i.e., any other adults residing in the family child care who are age 18 or older (98.43(a)(2)(ii)(C)). ACF will consider an alternative approach for limiting the background checks for household members to those who are feasible. OCC will not approve alternative approaches that do not include any background checks for other adults in a family child care. As stated in the preamble of the CCDF Final Rule (81 FR 67542-43), ACF expects that Tribal Lead Agencies will conduct some components of a background check for these individuals, for example, a check of Tribal criminal history records. Tribal Lead Agencies who use this alternative approach must indicate which background checks apply to household members and must justify the alternative approach in 2.5.7.

This requirement does not apply to individuals over age 18 who are related to all children for whom child care services are provided (98.43(a)(2)(i)(A)).

Each of the tables below describes one component of the eight comprehensive background checks. Select which methods are used for each provider type for each component.

- Check the pre-approved and/or alternative approach method(s) used for each provider type. Tribal Lead Agencies must justify any alternative approach in 2.5.7.
- Tribal Lead Agencies may select more than one method for a provider type. (For example, a Tribal Lead Agency may search the Tribal criminal fingerprint records and the state criminal fingerprint records for staff employed in Tribally Operated Centers.)
- If relative providers over age 18 are exempt from that background check component, check “Exempt.”
- Check “Family child care household members not included” for background check components that are not conducted for household members. (OCC will not approve alternative approaches that do not include at least one background check component for other adults in a family child care.)
- Describe any Tribal or state database or repository (e.g., the Tribal criminal fingerprint records or a state criminal fingerprint records) used for any background check components at the end of
If the Tribal Lead Agency uses any alternative approach that is not listed, check “Other” and describe the approach. Tribal Lead Agencies must justify the alternative approach in 2.5.7.

### Components of in-state background checks

For in-state registry checks, OCC will consider alternative approaches that include checks of Tribal criminal, sex offender, and/or child abuse and neglect registries. OCC will also consider approaches that include checks of databases of third-party or private entities. Tribal lead agencies must justify any alternative approach in 2.5.7.

2.5.1.2 Components of national background check

1. FBI (Federal Bureau of Investigation) fingerprint check (check only those methods used)

The four pre-approved methods for Tribes to access the FBI fingerprint check are through (1) a state repository (through an MOU/ MOA), (2) U.S. Department of Justice Tribal Access Program (TAP), (3) an FBI-approved channeler, and (4) fingerprint sent directly to the FBI (i.e., submitting hard-copy fingerprint cards through the U.S. mail).

OCC will consider alternative approaches (such as name-based checks of Tribal or state record management systems) when the process of obtaining fingerprints from one of the four pre-approved methods is not available or feasible. Tribal Lead Agencies must justify any alternative approach in 2.5.7.

2. National Crime Information Center (NCIC) National Sex Offender Registry (NSOR) name-based search (check only those methods used)

Because there is no Federal authority under the CCDBG Act for Tribes to access information through the NCIC NSOR name-based search, OCC will consider approaches that do not include accessing the NCIC NSOR name-based search. An alternative approach to checking the NCIC NSOR name-based check may include a check of a private or public sex offender registry. 2.5.2 Disqualifying Crimes for Employment Eligibility
Child care staff members cannot be employed by a child care provider receiving CCDF subsidy funds if they refuse a background check, make materially false statements in connection with the background check, or are registered or required to be registered on the state or National Sex Offender Registry (98.43(c)(1)(i-iii)). Potential staff members also cannot be employed by a provider receiving CCDF program funds if they have been convicted of:

- A felony consisting of murder, child abuse or neglect, crimes against children, spousal abuse, crimes involving rape or sexual assault, kidnapping, arson, physical assault or battery, or—subject to an individual review (at the Tribal Lead Agencies’ option)—a drug-related offense committed during the preceding 5 years
- A violent misdemeanor committed as an adult against a child, including the following crimes—child abuse, child endangerment, or sexual assault
- A misdemeanor involving child pornography (98.43(c)(1)(iv-v)).

Tribal Lead Agencies that only use state-licensed providers and rely on state-conducted background check policies and procedures should select “No”.

2.5.2.1 Other disqualifying crimes.

Does the Tribal Lead Agency disqualify child care staff members based on their conviction for any other crimes not specifically listed in 98.43(c)(i)?

[x] No.

[ ] State conducts all background checks and determines disqualifying crimes.

[ ] Yes. Describe other disqualifying crimes and provide a citation:

2.5.2.2 Alternative approach to lifetime ban for disqualifying offenses.

Note: Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services

ACF will consider alternative approaches where the Tribal Lead Agency implements less than a lifetime ban for offenses that are not crimes against children. Tribes may adopt an individualized review process for determining employment eligibility for those convicted of crimes that are not crimes against children. Tribal Lead Agencies must justify any alternative approach in 2.5.7.

Does the Tribal Lead Agency use an alternative approach that implements a less than lifetime ban for offenses that are not crimes against children?

[x] No

[ ] Yes

1. If yes, check the type of provider(s) to which the alternative approach for disqualifying crimes applies.

[ ] Tribally Operated Centers and Tribally Regulated Providers (includes center-based child care and family child care)

[ ] State-Licensed Providers (includes center-based child care and family child care)

[ ] Relative Providers
[ ] All other providers eligible to deliver CCDF services (includes license-exempt and in-home child care providers)

2.5.3 Fees

The Tribal Lead Agency may not charge fees that exceed the actual costs of processing applications and administering a comprehensive background check, regardless of whether they are conducted by the Tribe, a state, or a third-party vendor or contractor (98.43(f)). Tribal Lead Agencies can report that no fees are charged if applicable (98.43(f)).

Tribal Lead Agencies that only use state-licensed providers and rely on state-conducted background check policies and procedures should select “No”.

2.5.3.1 Does the Tribal Lead Agency charge fees?

[ ] Yes.

[x] No. Skip to 2.5.4

2.5.3.2 What are the fees that the Tribal Lead Agency charges for completing the background checks?

2.5.3.3 Ensuring background check fees do not exceed cost of processing and administration.

How does the Tribal Lead Agency ensure that fees charged for completing the background checks do not exceed the actual cost of processing and administration?

2.5.4 Timeliness and Privacy in Returning the Results

The Tribal Lead Agency must conduct the comprehensive background checks as quickly as possible, and the process shall not exceed 45 days after the child care provider submits the request. The Tribal Lead Agency shall provide the results of the background check in a statement to the provider that indicates whether the staff member is eligible or ineligible, without revealing specific disqualifying information. If the staff member is ineligible, the Tribal Lead Agency will provide information about each disqualifying crime to the staff member.

ACF will consider alternative approaches to the requirement to carry out the background check requests within 45 days. Tribes may also make employment eligibility decisions in the event that not all background check components are completed within 45 days. Tribal Lead Agencies must justify any alternative approach in 2.5.7.

Tribal CCDF Programs that only use state-licensed providers and rely on state-conducted background check policies and procedures should select “No”.

2.5.4.1 Check the timeliness for conducting comprehensive background check results.

Note: Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services

[x] Approved approach: For all types of providers, the Tribal Lead Agency returns results within 45 days.
[ ] Alternative approach for OCC approval: For some or all types of providers, the Tribal Lead Agency returns results after 45 days.

1. If the Tribal Lead Agency uses an approach in which results are returned after 45 days, for which providers (check only those that apply):

[ ] Tribally Operated Centers and Tribally Regulated Providers (includes center-based child care and family child care)
[ ] State-Licensed Providers (includes center-based child care and family child care)
[ ] Relative Providers
[ ] All other providers eligible to deliver CCDF services (includes license-exempt and in-home child care providers)

[ ] Other approach, including relying on state background check system to return results.

2.5.4.2 Privacy of comprehensive background checks.

Note: Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services

Tribal Lead Agencies must ensure the privacy of comprehensive background checks by providing the results of the background check to the child care provider (i.e., employer) in a statement that indicates whether a child care staff member (including employee, prospective employee, or household member) is eligible or ineligible for employment, without revealing any documentation of criminal history, or disqualifying crimes, or other related information regarding the individual.

ACF will consider alternative approaches that allow some information to be shared with the child care provider. Note: This provision is subject to limitations in FBI policy and state or Tribal privacy requirements, which may prevent the release of information. Tribal Lead Agencies must justify any alternative approach in 2.5.7.

The Tribal Lead Agency may not publicly release the results of individual background checks. It may release aggregated data by crime as long as the data do not include personally identifiable information (98.43(e)(2)(iii)).

Check if the privacy of the child care staff member (including employee, prospective employee, or household member) is ensured when returning results to the child care provider (i.e., employer).

[x] Approved approach: For all types of providers, the Tribal Lead Agency ensures the privacy of the child care staff member (including employee, prospective employee, or household member).

[ ] Alternative approach for OCC approval: For some or all types of providers, the Tribal Lead Agency allows some information to be shared with the child care provider (i.e., employer).

1. If the Tribal Lead Agency uses an approach in which some information is shared with the child care provider, for which providers (check only those that apply):

[ ] Tribally Operated Centers and Tribally Regulated Providers (includes center-based child care and family child care)
Child care providers must submit a request to the appropriate Tribal or state agency for a comprehensive background check for each child care staff member, including prospective staff members, prior to the date an individual becomes a child care staff member (98.43(d)(1) and (2)). “Prospective staff members” have applied for a position, but have not yet begun working. A prospective child care staff member may not begin work until at least one of the following results have been returned as satisfactory:

- FBI fingerprint check
- Tribal or state criminal registry or repository using fingerprints in the Tribe or state where the prospective staff member resides

ACF will consider an alternative approach that allows for staff members to be provisionally employed once the background check request has been submitted, but prior to receiving the results of the check. New staff members are considered “provisionally employed” during the time from when one of the above fingerprint checks have been returned as satisfactory to the time when all background checks are returned as satisfactory. An alternative approach to provisional employment must require that the provider submit all comprehensive background check requests before the prospective staff person begins working.

Under either approach, the provisionally employed staff member must be supervised at all times by an individual who has completed the background check (98.43(d)(4)).

2.5.5.1 Check the provisional employment approach used by the Tribal Lead Agency.

Note: Applicable Provider Types can be selected in 1.7.1.1 Providers that Offer Direct Services

[x] Approved approach: For all types of providers, provisional employment is permitted after a satisfactory result from the FBI fingerprint check, or the Tribal or state criminal registry or repository, using fingerprints in the Tribe or state where the prospective staff member resides.

[ ] Alternative approach for OCC approval: For some or all types of providers, provisional employment is permitted after the comprehensive background check requests have been submitted, but before the results of either fingerprint checks have been returned.

1. If the Tribal Lead Agency uses the alternative approach in which provisional employment is permitted after the comprehensive background check requests have been submitted, for which providers (check only those that apply):

[ ] Tribally Operated Centers and Tribally Regulated Providers (includes center-based child care and family child care)
[ ] State-Licensed Providers (includes center-based child care and family child care)
[ ] Relative Providers
2.5.6 Appeals for Child Care Staff (including employee, prospective employee, or household member).

The Tribal Lead Agency must have a process for a child care staff member (including employee, prospective employee, or household member) to appeal the results of a background check to challenge the accuracy or completeness of the information contained in a staff member’s background report (98.43(e)(3)). The Tribal Lead Agency shall ensure the following:

- The child care staff member is provided with information related to each disqualifying crime in a report, along with information and/or a notice on the opportunity to appeal.
- A child care staff member will receive clear instructions about how to complete the appeals process for each background check component if the child care staff member wishes to challenge the accuracy or completeness of the information contained in such member’s background report.
- If the staff member files an appeal, the Tribal Lead Agency will attempt to verify the accuracy of the information challenged by the child care staff member, including making an effort to locate any missing disposition information related to the disqualifying crime.
- The appeals process is completed in a timely manner for any appealing child care staff member.
- Each child care staff member shall receive written notice of the decision. In the case of a negative determination, the decision should indicate (1) the Tribal Lead Agency’s efforts to verify the accuracy of the information challenged by the child care staff member; (2) any additional appeals rights available to the child care staff member; and (3) information on how the individual can correct the Federal, state, or Tribal records at issue in the case (98.43(e)(3)).
- The Tribal Lead Agency must work with other agencies that are in charge of background check information and results (such as the child welfare office and the state identification bureau) to ensure the appeals process is conducted in accordance with the CCDBG Act.

2.5.6.1 Notification of applicant about their eligibility to work in a child care program.

Describe how the applicant is notified about their eligibility to work in a child care program. The TLA will be issued a Certification Letter after the Criminal Background Investigator completes their investigation.

2.5.6.2 Background check appeals

Describe how the Tribal Lead Agency provides opportunities for applicants to appeal the results of background checks. If questionable information is revealed in the Criminal Background Investigation, the Background Investigator will notify the applicant and the CCDF Program Manager. The applicant may then clarify the questionable information with the Investigator. The Investigator may stop the application process if the information obtained indicate that the children may be in an unsafe/dangerous situation. Children are paramount in the decisions made by the Background Investigator. Applicants who are denied approval as a caregiver and believe their criminal record is
2.5.6.3 Review process for individuals disqualified due to a felony drug offense.

Describe whether the Tribe has a review process for individuals disqualified due to a felony drug offense to determine if that individual is still eligible for employment (98.43 (e)(2-4)).

2.5.7 Justification for Alternative Approach(es)

Lead agencies may use alternative approaches in addition to or instead of the pre-approved methods. For example, Tribal Lead Agencies may use name-based checks of Tribal or state record management systems for the FBI fingerprint check when one of the four pre-approved methods are not available or feasible. The alternative approach is subject to ACF approval, and ACF will not approve approaches with blanket exemptions or waivers that bypass the intent of protecting children’s safety.

2.5.7.1 Issues or barriers preventing Tribal Lead Agency from conducting the required checks.

What are the issues or barriers preventing the Tribal Lead Agency from conducting the required checks? Check only those that apply:

[ ] Does not apply—no alternative approach is used for any of the background check components
[ ] Does not have the authority under the CCDF statute to conduct a NCIC NSOR name-based search
[ ] No direct authority under the CCDF statute to conduct an FBI fingerprint check
[ ] No existing formal or informal MOU or MOA with a state
[ ] Other. Describe:

2.5.7.2 Comprehensive alternative approach to ensure health and safety of children.

Describe how the alternative approach is comprehensive and ensures the health and safety of children in child care.

The description should include an alternative approach that affects the methods for conducting comprehensive background checks; the implementation of less than lifetime bans for offenses that are not crimes against children; the policies that allow longer than 45 days to conduct comprehensive background checks; any private information shared with the child care provider (i.e., employer); or provisional employment, as applicable. If a Tribal Lead Agency does not use any alternative method for their comprehensive background check, please enter “Does not apply.”

3 Supporting Continuous Quality Improvement

As of FY 2022, all Tribal Lead Agencies are subject to a 9-percent quality set-aside. Tribal Lead Agencies must spend quality funds on at least 1 of 10 allowable quality activities, including:

- Training and professional development;
• Early learning and developmental guidelines;
• Quality rating and improvement systems;
• Supply and quality of services for infants and toddlers;
• Child care resource and referral services;
• Licensing, inspection, monitoring, training, health & safety;
• Evaluating the quality of child care programs;
• Supporting providers in the voluntary pursuit of accreditation;
• High-quality program standards; and
• Other measurable quality improvement activities, including culturally responsive activities, such as language immersion.

### 3.1 Quality Improvement Goals and Activities

In completing this section, the Tribal Lead Agency should describe activities currently underway, planned, or expected during the 3-year Plan period. Any significant changes to the quality improvement goals or activities should be addressed through an amendment to the Plan.

The Tribal Lead Agency should only describe activities funded either entirely, or in part, with CCDF dollars. All Tribal Lead Agencies must spend a percentage of their total CCDF expenditures on quality improvement activities.

### 3.1.1 Quality Improvement Activities

Check the quality activities in 3.1.2.1 through 3.1.2.10 that the Tribal Lead Agency will invest in during this plan cycle (98.41; 98.83). Tribal Lead Agencies can, and are encouraged to, incorporate culturally responsive practices into their quality improvement activities.

#### 3.1.1.1 Child care workforce training and professional development.

Supporting the training and professional development of the child care workforce. Check only those that apply:

- [x] Promotion of child development
- [x] Curriculum development and instruction
- [x] Implementing developmentally appropriate and culturally and linguistically responsive instruction
- [x] Language and literacy
[x] Developing or providing training to providers about Indigenous early learners and epistemologies

[x] Developing or providing training to providers about the local Indigenous Nations and community

[x] Family engagement

[x] Caring for children with special health or developmental needs

[x] Required health and safety training topics, as described in 2.1.3

[x] Access to physical activity

[x] Indigenous nutrition and foods

[ ] Child care as a business

[ ] Fiscal management for providers

[ ] Administration and program management for providers

[x] Supporting (through funding, scholarships, etc.) the career development pathways of the child care workforce through:

[x] Credit toward required training hours

[ ] Certificates (including those incorporating Indigenous studies and Indian education for providers)

[x] Credentials

[x] Degrees (including those incorporating Indigenous studies and Indian education for providers)

[ ] Other:

Optional: Describe any of the activities checked above:

3.1.1.2 Early learning/developmental guidelines.

Improving on the development or implementation of early learning and developmental guidelines (658E(c)(2)(T); 658G(b)(2)).

Early learning guidelines are intended to help teachers, caregivers, and directors learn what children should know and be able to do at different developmental stages to experience school success. Early learning guidelines often provide examples of activities that can be used to develop a curriculum but are not intended to serve as a curriculum development activity. Check only those that apply:

[x] Supporting the use of the state’s early learning guidelines

[x] Participating in the development or revision of the state’s early learning guidelines

[ ] Adapting a state’s guidelines to reflect the Tribal Nation’s language and culturally specific early learning and development goals/benchmarks
[x] Developing or implementing the Tribal Lead Agency’s own tribally specific guidelines

[x] Providing trainings for staff on child development and early learning guidelines

[x] Other. Describe: Fort Belknap CCDF Program will work with the State of Montana in the development of Tribal specific training topics which will include Native American Providers

Optional: Describe any of the activities checked above:

3.1.1.3 Quality rating and improvement system (QRIS).

Developing, implementing, or enhancing a quality rating and improvement system (QRIS) for child care providers and services (658G(b)(3)).

A QRIS is a systemic approach to assess, improve, and communicate the level of quality in early and school-age care and education programs. Similar to rating systems for restaurants and hotels, a QRIS awards quality ratings to early and school-age care and education programs that meet a set of defined program standards.

By participating in their state’s or Tribe’s QRIS, early and school-age care providers embark on a path of continuous quality improvement. Even providers that have met the standards of the lowest QRIS levels have achieved a level of quality that is beyond the minimum requirements to operate. Check only those that apply:

[  ] Participating in a state QRIS

[x] Developing a Tribal QRIS or similar rating system

[  ] Implementing a Tribal QRIS or similar rating system

[  ] Collaborating with other Tribes to implement a QRIS or similar rating system

[x] Other. Describe: The Fort Belknap Child Care Program will partner with the Fort Belknap Head Start Program and utilize the Head Start Education Manager in accessing and rating the quality improvement of our child care providers. The Education Manager will set up standards of care that would improve the program’s performance standards.

Optional: Describe any of the activities checked above:

3.1.1.4 Supply and quality of child care services for infants and toddlers.

Improving the supply and quality of child care services for infants and toddlers. Check only those that apply:

[  ] Developing infant-toddler components within the early learning and developmental guidelines/standards, etc.

[x] Indigenous language and culturally responsive practices for infants and toddlers

[x] Providing training and professional development to enhance child care providers’ abilities to provide developmentally appropriate services for infants and toddlers
[x] Providing coaching, mentoring, and/or TA on this age group’s unique needs from networks of qualified infant-toddler specialists

[x] Improving the ability of families to access transparent and easy-to-understand consumer information about high-quality infant-toddler care that includes information on infant-toddler language, social-emotional, and early literacy and numeracy cognitive development

[x] Offering non-traditional hours

[x] Supporting the child care provider workforce through stabilization subgrants

[x] Coordinating with early intervention specialists who provide services for infants and toddlers with disabilities

[x] Coordinating with Early Head Start or Early Head Start – Child Care Partnerships

[ ] Coordinating with home visiting activities

[ ] Other. Describe:

Optional: Describe any of the activities checked above:

3.1.1.5 Child care resource and referral (CCR&R) services.

Establishing or expanding a system of child care resource and referral (CCR&R) services, assisting families in finding and choosing a child care provider, collecting and analyzing child care provider supply-and-demand data, and providing training and support to providers (658E(c)(3)(B)(iii); 658G(b)(5)). Check only those that apply:

[ ] Using a state CCR&R

[ ] Operating a CCR&R

[ ] Partnering with other Tribes to offer CCR&R services

[ ] Incorporating CCR&R services into program services

[x] Other. Describe: Fort Belknap CCDF Caregivers are signed up with the State of Montana Early Learning Project to assist with improving and expanding their programs. Incoming Providers will be assisted in creating their profile with the Early Learning Project.

Optional: Describe any of the activities checked above:

3.1.1.6 Licensing, inspection, monitoring, training, and health and safety.

Supporting compliance with requirements for licensing, inspection, monitoring, training, and health and safety. Check only those that apply:

[x] Provide health and safety materials/equipment (e.g., carbon monoxide detectors, fencing, personal protective equipment)
[x] Grants/mini-grants for health and safety materials/equipment
[x] Classroom materials and resources
[x] Financial assistance in meeting licensing requirements
[x] Conduct monitoring visits of child care providers
[ ] Other. Describe:

Optional: Describe any of the activities checked above:

3.1.1.7 Evaluating the quality of child care programs.

Evaluating the quality of child care programs, including how programs positively impact children. Check only those that apply:

[ ] Purchasing quality assessment tools
[ ] Contracting with an outside evaluator to assess child care program quality
[ ] Implementing surveys to collect stakeholder input
[ ] Conducting internal training on the use of quality evaluations
[x] Other. Describe: The Fort Belknap CCDF Program constantly monitors the success of child care programs and send Providers to training that will positively impact the children in their care. The Fort Belknap CCDF Program used the Early Childhood Project website in determining the needs of our providers. Providers are required to register on this website which will also track their training hours and professional development needs. The Fort Belknap CCDF Center Manager will monitor the training needs of our program and evaluate the programs quality.

Optional: Describe any of the activities checked above:

3.1.1.8 Supporting providers in the voluntary pursuit of accreditation.

Tribal Lead Agencies can use quality funds to support child care providers in the voluntary pursuit of accreditation by a national accrediting body with demonstrated, valid, and reliable program standards of high quality. Accreditation is one way to differentiate the quality of child care providers. To gain accreditation, center-based child care and family child care providers must meet certain quality standards outlined by accrediting organizations. Check only those that apply:

[ ] Using accreditation guidelines as a quality measure
[ ] Funding any aspect of national accreditation (e.g., accreditation from the National Association for the Education of Young Children, or the National Association for Family Child Care, or accreditation developed by a Tribal association)
[ ] Paying annual accreditation fees
[ ] Other. Describe:

Optional: Describe any of the activities checked above:

3.1.1.9 High-quality program standards.

Supporting the development or adoption of high-quality program standards related to health, mental health, nutrition, physical activity, and physical development. Check only those that apply:

[ ] Using Head Start Program Performance Standards

[ ] Using Stepping Stones to Caring for Our Children

[ ] Using Caring for Our Children: Basics

[ ] Using a combination of the above listed standards. Describe: The Fort Belknap CCDF Program uses the newly published CCDF Standards, Stepping Stones Caring for Our Children and Caring for Our Children basics as guides in the development of high quality care. The Fort Belknap CCDF will also consult with the the Fort Belknap Head Start and Early Head Start Programs on the care of their children and the criteria used for high quality care.

[ ] Other. Describe:

Optional: Describe any of the activities checked above:

3.1.1.10 Other quality improvement activities.

Other activities the Tribal Lead Agency will engage in to improve the quality of child care services. Check only those that apply:

1. [ ] Culturally Relevant Activities

   [ ] Incorporating Tribal language into child care settings

   [ ] Providing teacher training related to implementing language and culture in the classroom

   [ ] Implementing immersion classrooms or language nests

   [ ] Partnering with language and culture departments to build curricula

   [ ] Modifying curricula to reflect Tribal culture

   [ ] Offering culturally based training opportunities for families and providers

   [ ] Providing information and training to non-Native providers about working with Native children and families
[ ] Serving traditional Native foods in child care programs

[x] Other. Describe: The Fort Belknap CCDF Program realizes the need for culturally appropriate provider training and is endeavoring to provide the much needed training and classroom curriculum that will reflect tribal culture. The Fort Belknap CCDF Program is working with Fort Belknap language instructors and the State of Montana in developing training and cultural diversity information for all Providers.

Optional: Describe any of the activities checked above:

2. [ ] Consumer Education for Families and Providers
   - [ ] Written materials, including newsletters, brochures, and checklists, on child care topics
   - [ ] Tribal and/or local media
   - [ ] Social media, such as Facebook, Twitter, and Instagram
   - [ ] Consultation from CCR&Rs, including information about other early childhood and social/human services programs for which families and providers may qualify
   - [ ] Internet options, including electronic media, publications, and webcasts on child care topics
   - [ ] Postings on community bulletin boards
   - [ ] Other. Describe:

Optional: Describe any of the activities checked above:

3. [x] Provider Stabilization Subgrants
   Describe: Stabilization subgrants will be administered to new providers to assist in setting up their facility to accept children. Providers will be able to purchase start-up supplies and alleviate the stress of providing these resources.

Current Providers can receive subgrants to assist in maintaining facility, restocking supplies including cleaning and sanitization supplies and repairing/replacing childcare furniture when needed.

4. [x] Provider retention grants/bonuses

5. [x] Purchase of vans and busses

6. [ ] Other quality activities, besides the activities checked above, that the Tribal Lead Agency intends to implement during this Plan period:

3.1.2 Identification of Goals and Activities to Improve Quality
3.1.2.1 Identifying the goals and activities to improve quality as described in 3.1.1.

How did the Tribal Lead Agency identify the goals and activities to improve quality as described in 3.1.1? For example, did the Tribal Lead Agency conduct provider surveys or assessments that identified the need for quality improvements? Check only those that apply:

- [ ] Site visits and/or monitoring inspection visits
- [x] Surveys to families, providers, and Tribal leadership
- [x] Community assessments
- [x] Self-assessments
- [x] Parent, family, community, or Tribal meetings
- [ ] Other. Describe:

3.1.3 Evaluation of Progress for Child Care Quality Improvement Goals and Activities

3.1.3.1 Evaluating progress toward meeting the overall child care quality improvement goals.

How does the Tribal Lead Agency evaluate progress toward meeting the overall child care quality improvement goals and activities described in 3.1.1 (658G(d)(3))?

- [x] Site visits and/or monitoring inspection visits
- [ ] Follow up surveys to families, providers, and Tribal leaders
- [x] Ongoing community assessments
- [x] Self-assessments and program evaluations
- [x] Parent, family, community, or Tribal meeting sign-in sheets/attendance logs

Describe the items checked above: The Fort Belknap Environmental Department conducted an inspection of the facility to assure the health and safety standards of the children are being met.

- [ ] Other. Describe:

3.2 Supporting Training and Professional Development of the Child Care Workforce With CCDF Quality Funds

The Tribal Lead Agency must develop training and professional development requirements (documented in Section 2.1.5), including pre-service or orientation training (to be completed within 3 months) and ongoing requirements designed to enable child care providers to promote the social, emotional, physical, and cognitive development of children and to improve the knowledge and skills of the child care workforce.

Such requirements shall be applicable to child care providers caring for children receiving CCDF program funds across the entire age span, from birth through age 12 (658E(c)(2)(G)). Ongoing
training and professional development should be accessible and appropriate to the setting and age of the children served (98.44(b)(2)).

3.2.1  Training and Professional Development Requirements

3.2.1.1 Specific training and professional development requirements.

To meet the needs of the following age groups or groups of children, describe the specific training and professional development requirements you have in place for child care providers who care for:

[ ] Infants and toddlers. Describe:

[ ] Preschoolers. Describe:

[ ] School-age children. Describe:

[ ] Children who are Indigenous-language learners. Describe:

[ ] Children with developmental delays and disabilities. Describe:

3.2.1.2 Participation in the state's training and professional development system.

Do Tribal CCDF providers participate in the state’s training and professional development system? For example, Tribal CCDF providers might participate in trainings offered by the local child care resource and referral agencies or state-funded training organizations.

[ ] Yes. Describe:

[ ] No. Check only those that apply:

[ ] The Tribal Lead Agency does not have sufficient information about the state’s training and professional development opportunities to share with Tribal CCDF providers.

[ ] The state’s training and professional development opportunities are not appropriate for providers caring for Native children.

[ ] The state’s training and professional development opportunities are not accessible to Tribal CCDF providers.

[ ] The state’s training and professional development opportunities are not affordable for Tribal CCDF providers.

[ ] Other. Describe:

[ ] Unknown.

3.2.1.3 Culturally relevant trainings and professional development opportunities.
Has the Tribal Lead Agency been contacted by the state for input on how to make its trainings and professional development opportunities more culturally relevant for Native American children?

☐ Yes. Describe:

☐ No.

4 Tribal Lead Agencies With Small Allocations Only—Direct Services

CCDF direct services may be provided through a subsidy program in which the Tribal Lead Agency offers certificates for families to use in any approved child care setting; through a Tribal CCDF-operated center; or through grants or contracts that allocate slots with a provider who offers child care services. The Final Rule established three categories of care:

- In-home child care: Care provided in the child’s home
- Family child care: Care provided in a private residence other than the child’s residence
- Center-based child care: Group care provided in a facility outside of the child’s or provider’s home

The Final Rule recognizes that Tribal Lead Agencies receiving small CCDF allocations do not have to operate a full CCDF program with all CCDF requirements. For example, Tribal Lead Agencies with small allocations do not have to offer subsidies/direct services—all CCDF program funds can be expended on quality activities.

Tribal Lead Agencies with small allocations have a lot of flexibility in how CCDF services are provided. For example, Tribal Lead Agencies with small allocations could establish their own subsidy program based on their unique needs, including determining their own eligibility requirements. Tribal Lead Agencies with small allocations who provide subsidies/direct services must provide OCC with an overview of their program requirements as part of their abbreviated CCDF Plan.

4.1 Direct Child Care Services Offering

4.1.1 Direct Child Care Services

4.1.1.1 Direct child care services for Tribal Lead Agencies with small allocations.

Indicate if this Tribal Lead Agency with a small allocation will offer direct child care services. Check the appropriate box below:

☐ No, as a Tribal Lead Agency with a small allocation, we will not be offering direct child care services. Stop here and go to the appendices.

☐ Yes, as a Tribal Lead Agency with a small allocation, we will offer direct child care services. Complete the questions below.
4.2.1 Methods for Direct Child Care Services provided by the Tribal Lead Agency

4.2.1.1 How does the Tribal Lead Agency provide direct child care services?

How does the Tribal Lead Agency provide direct child care services? Check only those that apply:

[x] Certificates and vouchers.

[ ] Grants or contracts with approved child care providers (e.g., does the Tribal Lead Agency use grants or contracts to increase the supply and prioritize investments; address children in underserved areas, infants and toddlers, children with disabilities [as defined by the lead agency], and children who receive care during non-traditional hours; and/or improve quality of child care programs?)

[x] CCDF-funded Tribally Operated Center.

4.3 Categories of Care

4.3.1 Categories of Care

4.3.1.1 Categories of care.

The Tribal Lead Agency allows families to choose from the following categories of care. Check only those that apply:

[x] Center-based child care, including a Tribally Operated Center, culture camps, etc.

[x] Family child care

[x] In-home child care

4.3.2 Tribally Operated Centers

4.3.2.1 Child care services provided exclusively through Tribally Operated Centers.

Does the Tribal Lead Agency provide child care services exclusively through Tribally Operated Centers?

[ ] Yes

[x] No

4.4 Eligibility Criteria

Eligible children must meet the Tribal Lead Agency’s definition of Indian Child and reside in the designated service area. Describe any other eligibility criteria, such as child’s age, family income and size, reason for care (e.g., work, job training, education), and priorities for vulnerable populations.

4.4.1 Eligibility Criteria
As described above, Tribal Lead Agencies with small allocations can establish their own subsidy program based on their unique needs, including determining their own eligibility requirements.

4.4.1.1 Describe eligibility criteria.

Tribal Lead Agencies have the option to describe their eligibility criteria in the text box below or by responding to the optional eligibility criteria in sections 4.4.2 through 4.4.6 below:

4.4.2 Optional: Children Age Range

4.4.2.1 Optional: The Tribal CCDF program children age range.

Optional: The Tribal CCDF program serves children from ages weeks[ ] months[ ] years[ ] through weeks[ ] months[ ] years[ ]-------- (may not equal or exceed age 13).

4.4.3 Optional: Child Care for Children with Special Needs

4.4.3.1 Optional: Child care for special needs children.

Optional: Does the Tribal Lead Agency allow CCDF-funded child care for children ages 13 and older, but below age 19, who are physically or mentally incapable of self-care (658P(3); 98.20(a)(1)(ii))?  

[ ] No  
[ ] Yes. The upper age is (may not equal or exceed age 19).

1. Define “physical or mental incapacity”:

2. [ ] Yes. The upper age is (may not equal or exceed age 19).

4.4.4 Optional: Eligibility based on Reason for Care

4.4.4.1 Optional: Tribal Lead Agency eligibility based on reason for care.

Optional: Does the Tribal Lead Agency establish eligibility based on reason for care? For example, does the Tribal Lead Agency require children to reside with a parent or parents who are working, or attending a job training or an educational program, or to receive or need to receive protective services?  

[ ] No.  
[ ] Yes. If Yes, go to 4.4.4.2
4.4.4.2 Define CCDF eligibility for working, training, education, and protective services.

If yes, how does the Tribal Lead Agency define working, attending a job training or an educational program, and receiving or needing to receive protective services for purposes of CCDF eligibility? Provide the definitions below:

“Working”:

“Attending a job training”:

“Attending an educational program”:

“Receive or need to receive protective services”:

4.4.5 Optional: Eligibility Based on Family Income

4.4.5.1 Optional: Does the Tribal Lead Agency establish eligibility based on family income?

[ ] No.

[ ] Yes. How does the Tribal Lead Agency define income for purposes of CCDF eligibility?

4.4.6 Optional: Additional Eligibility Criteria

4.4.6.1 Optional: Does the Tribal Lead Agency establish additional eligibility criteria?

[ ] No.

[ ] Yes. Describe:

4.5 Family Contributions/Co-payments

4.5.1 Sliding-fee scale

4.5.1.1 Sliding-fee scale for CCDF families’ contributions.

Tribal Lead Agencies that require family contributions/co-payments from any families must have and periodically revise a sliding-fee scale for CCDF families’ contributions that varies based on income and family size.

Attach a copy of the sliding-fee scale (Enter Attachment #: Document was not provided by TLA)

4.5.1.2 What is the sliding-fee scale effective date?

4.5.2 Waiving Family Contributions/Co-payments for Families

4.5.2.1 Does the Tribal Lead Agency waive family contributions/co-payments for any families?

[ ] No.

[ ] Yes. Describe:

4.6 Payment rates
4.6.1 Payment rates
   4.6.1.1 Attach the Tribal Lead Agency’s payment rates (Enter Attachment #: Document was not provided by TLA)

4.2 Application for services
4.2.1 Description for Family Application for Child Care Services
   4.7.1.1 Describe how families can apply for child care services:

Triennial Child Count Declaration

If the Tribal Lead Agency is not a Consortium, complete the information below.

Name of Tribe/Tribal Lead Agency: **Fort Belknap Indian Community Council**

This certifies that the number of Indian children younger than age 13 (as defined in CCDF Plan) who reside on or near the reservation or service area (as defined in CCDF Plan) is: **1818** (number).

The Tribal Lead Agency may not count any children who are included in the child count of another CCDF Tribal Lead Agency. To ensure unduplicated child counts, a Tribal Lead Agency is required to confer with all other CCDF Tribal Lead Agencies that have overlapping or neighboring service areas.

The counts above show the number of Indian children younger than age 13 as of **6/30/2022** (date).

Tribal Lead Agencies are advised that ACF will not accept Child Count Declarations based on child counts that were conducted before July 1 of the year prior to the Child Count Declaration.

If the **Tribal Lead Agency is a Consortium**, complete the information below.

Name of Tribe/Tribal Lead Agency: **Fort Belknap Indian Community Council**

The Tribal Lead Agency may not count any children who are included in the child count of another CCDF Tribal Lead Agency. To ensure unduplicated child counts, a Tribal Lead Agency is required to confer with all other CCDF Tribal Lead Agencies that have overlapping or neighboring service areas.

The counts below show the number of Indian children younger than age 13 as of **(date)**.

This certifies that the number of Indian children (as defined in CCDF Plan) who reside on or near the reservation or service area (as defined in CCDF Plan) for the Consortium Lead Agency and each Consortium Member are:
Indian Child Definition

Identify which Indian child(ren) are counted in the Tribal Lead Agency’s child count (98.81(b)(2)(i)).

Programs and activities are to be carried out for the benefit of Indian children. Although Tribal Lead Agencies have some flexibility in defining “Indian Child,” the definition must be limited to children from federally recognized Indian Tribes, consistent with the CCDBG Act’s definition of Indian Tribe (98.2). This information could include children who are Tribal members, whose membership is pending, who are eligible for membership, and/or are children/descendants of members and could also include adopted children, foster children, step-children, etc.

The Tribal Lead Agency defines an “Indian child” as: **Children who are enrolled in a Federally Recognized Indian Tribe, whose membership is pending, who are eligible for membership, and/or are direct descendants of enrolled members of a Federally Recognized Indian Tribe.**

Indian Reservation or Service Area

Programs and activities are to be carried out for the benefit of Indian children living on or near the Indian reservation or service area. The service area must be within reasonably close geographic proximity to the borders of a Tribe’s reservation (except for Tribes in Alaska, California, and Oklahoma). Tribes that do not have reservations must establish service areas within reasonably close geographic proximity to the area where the Tribe’s population resides. There is an expectation that the Tribal Lead Agency will be able to provide services to families throughout the service area. ACF will not approve an entire state as a Tribe’s service area. Tribal Lead Agencies can limit services within the reservation boundaries or go beyond the reservation boundaries.

If a Tribal Lead Agency establishes a different service area than the borders of the Tribe’s reservation or existing service area for CCDF purposes, it must be within reasonably close geographic proximity (6580(c)(2)(B); 98.80(e); 98.81(b)(2)(ii); 98.81(b)(3)(ii); 98.83(b)); for example, “Permanent residence is within the reservation boundaries; however, the participant is temporarily attending school outside of the reservation area,” or “[the participant] resides within 20 miles of the reservation boundaries.”

The Tribal Lead Agency defines the Reservation/Service Area as: **The interior boundaries of the Fort Belknap Indian Reservation and the towns of Harlem, Montana and Dodson, Montana which are within 10 miles from the exterior boundaries of the Fort Belknap Indian Reservation.**

Tribal Early Learning Initiative

This appendix offers interested Tribal CCDF lead agencies the opportunity to describe how the Tribal CCDF program funds will be used, particularly quality funds, to support applicable child care services for Tribal Early Learning Initiative (TELI) efforts in the community. This initiative is voluntary, and Tribal CCDF lead agencies are not required to complete this section if they are not interested in pursuing TELI efforts. The TELI activities must be allowable under the use of CCDF program funds.

A Tribal Early Learning Initiative (TELI) effort in a Tribal community is designed to:

• Better coordinate Tribal early learning and development programs, including child care, Head Start, preschool, home visiting, and other services
• Create and support seamless, high-quality early childhood systems
• Raise the quality of services to children and families across the prenatal-to-kindergarten-entry continuum
• Identify and break down barriers to collaboration and systems improvement

To submit a request to support applicable TELI efforts, complete the questions below.

1. Describe which early childhood program partners will collaborate on the TELI effort (e.g., Head Start/Early Head Start, Tribally run early childhood program, home visiting program, Bureau of Indian Education FACE program) and what the existing level of collaboration is across these early childhood partners at the start of the TELI effort. Are there other programs you intend to partner with (e.g., child welfare, health, mental health, nutrition, family support, housing)?

2. Check and describe the activities for which you will use Tribal CCDF program funds to support the TELI effort:

[ ] Hiring a TELI Coordinator (part time or full time) to provide coordination, facilitation, and administrative support to the TELI effort.

• What will be the qualifications of this individual?
  Describe:
• What will the coordinator’s responsibilities be?
  Describe:

[ ] Convening an early childhood council or advisory group to guide the TELI effort and develop the community’s vision for an early childhood system that meets the needs of young children and their families.
• Who do you intend to involve in the TELI advisory group? Is it a new group or an existing group? How will the group be used?

Describe:

[ ] Conducting a needs assessment examining the need for early childhood services (ages 0 to 5), the ways that early childhood services are delivered, and barriers to the coordination and integration of services.

• What will the Tribal Lead Agency look at in the TELI needs assessment?
Describe:
• How will the Tribal Lead Agency carry out the needs assessment? Who will be involved?
Describe:

[ ] Developing a vision and strategic plan for supporting and strengthening early childhood services and systems in the community.

• What will be the process for developing the strategic plan?
Describe:

[ ] Investing in a coordinated data system to allow for the collection, housing, and sharing of data across early childhood programs to support improved services to families.

• Are you developing a new system or modifying an existing system?
Describe:
  • Who will be involved in developing the data system?
Describe:

[ ] Conducting professional development activities that support the range of early childhood providers in the community.

• What types of activities will be held?
Describe:
  • Which programs and providers will be involved?
Describe:

[ ] Developing coordinated application, referral, and intake systems across programs that make it less burdensome for families to access early childhood services.

• Which programs will be involved?
Describe:
• What will be the process for developing a coordinated application, referral, and intake system?
  Describe:

[ ] Implementing family engagement and leadership activities in the community.

• What types of activities will be implemented?
  Describe:
• Which programs will be involved?
  Describe:
