PROJECT OVERVIEW

System Size

14.76 kW DC

Estimated Solar Savings Over 30 Years

\$134,665.05

Estimated First Year Production

23,923 kWh AC

8,052 Trees planted

100.65 Vehicles off the road

54,365 Gallons of gasoline consumed

Source: United States Environmental Protection Agency

PROJECT DETAILS

Additional information specific to your solar project:

Client name: Dan Naime

Address of project: 1982 Johnson Rd, Iowa Park, TX 76367, USA

Solar Panels:

- Manufacturer: Trina Solar
- Model: TSM-410-DE15M(II)
- Watts: 410
- Count: 36

Inverter:

- Name: Hoymiles - MI-1200-4
- Efficiency: 98.00%

Pricing & Payment information:

Extra costs:

TERMS & CONDITIONS

4Q POWER, LLC Terms and Conditions

General Terms & Conditions for solar systems Installation performed by 4Q POWER

RESIDENTIAL CUSTOMER HAS 3 DAYS FROM THE SIGNED AGREEMENT DATE TO CANCEL THE CONTRACT AGREEMENT FOR ANY REASON.

1. Installations must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority (e.g. permits, inspections) 2. 4Q POWER, LLC will require the necessary client information to proceed with mandatory government and State applications.

3. 4Q POWER, LLC and its staff will require access to your property to proceed with initial project assessment, construction, inspection and required maintenance. The client will be contacted prior to 4Q POWER visits, and will need to arrange property access allowing 4Q POWER to fulfill its portion of the agreement. 4Q POWER will require all necessary forms filled and full client cooperation to complete its part of the contract.

4. We recommend the client to seek the appropriate consultation concerning any tax liabilities that may be associated with the receipt of the rebate.

5. 4Q POWER, its parents, subsidiaries, affiliates, officers, employees, contractors and agents:

- Are not responsible for any tax liabilities that a client may incur.
- Assume no responsibility for the performance of the equipment or equipment warranty,
- Do not endorse, guarantee or warrant any particular brand, manufacturer or third party services.

6. The client hereby agrees to indemnify, defend and hold harmless, 4Q POWER, its parents, subsidiaries, affiliates, officers, employees, contractors and agents from any and all liability associated with this program/project except for the labor warranties provided.

Please refer to product spec sheet and online warranty information for details. Manufacturer is responsible for all solar components warranties.

- 25 year limited power output warranty on solar panels
- 10 year limited product warranty on solar panels
- 10 year limited warranty on string inverter
- 10 year limited warranty on micro-inverters
- 10 year limited warranty on optimizers
- 10 year limited warranty on racking system

7. No amount of energy savings, energy production or income generation are guaranteed as a result of the purchase and installation of eligible equipment.

8. The client is responsible for the application process, from initiation through completion unless mentioned otherwise by a representative of 4Q POWER. The client may designate a primary contact; however, the client is responsible for ensuring that the guidelines, terms and conditions, requirements, and program processes are adhered to.

9. It is the responsibility of 4Q POWER to ensure that all appropriate permits (e.g. local, state) have been obtained not including ensuring that Deed Restrictions or Home Owner Association Restrictions do not prohibit the installation of the proposed PV system.

10. Federal, State, Local, Utility program guidelines and rebate levels are subject to change without notice, and may be terminated by executive, legislative or regulatory action at any time. Utility rates are also subject to change. 4Q POWER is not held accountable for loss of rebate, income, savings or delays resulting from such situation.

11. Prior to final pricing, 4Q POWER reserves the right to conduct a site visit/audit to verify that all satellite calculations were exact. Materials offered are subject to change without notice. Quality and efficiency offered will remain equivalent or better.
12. All payments must be made according to the scheduled agreement. Personal Check, Wire Transfer and Bankers Draft are all acceptable methods of payment. All goods remain the property of the 4Q POWER until final payment has been completed. Payments outstanding beyond their respective due dates will incur interest at the rate of 2.5% on the outstanding balance, until the balance is paid in full and final settlement has been reached.
13. 4Q POWER does not, will not, and cannot hold responsibilities in relation to any form of damage caused by accumulated snow and/or ice and/or hail on or around the solar array.
14. The timeline proposed in this offer cannot be guaranteed by 4Q POWER and 4Q POWER cannot be held accountable for any delays resulting from situations not under the control of 4Q POWER (rain, snow, application approval delays etc.)
15. 4Q POWER will not sell, share, or rent your personal information to any third party, or use your e-mail address for unsolicited mail. All e-mail messages sent by 4Q POWER will pertain solely to the provision of agreed services and products. Any information on pricing and procedures will remain confidential between the client and 4Q POWER and are not to be shared with other companies.
16. By signing electronically, and upon doing so, client agrees to all program requirements including all terms and conditions of 4Q POWER and both parties are executing this offer in good faith.
