If Mare is in the care of SES, semen will be counted, extended and inseminated.

### Fees:

The semen collection fee is \$200.00 per collection. Federal Express or airline fees will be billed according to location. A courier fee may apply for shipments requiring transportation to the airport. Fees are expected to be paid:

### Additional expenses:

This agreement does not include any fees associated with improving poor quality semen such as, but not limited to concentrating semen, using special semen extenders, or any additional supplements or drugs the stallion may require.
