Stallions hauling in to be collected require a 24-hour notice of collection as requested by the Mare or Stallion Owner and semen will ship on the scheduled collection day. Stallions will not be collected and semen will not be shipped on Saturday, Sunday, or any major holiday. Semen collected will be counted, extended, and shipped via Fed Ex or Delta Cargo to Mare Owner. If the mare is in the care of SES, semen will be counted, extended, and inseminated. Mare insemination fee is not included in the collection fee.

SES will provide services to the best of industry standards to attempt to collect the stallion. The Stallion Owner acknowledges that the stallion may or may not successfully collect, even with diligent efforts from SES staff. SES reserves the right to cease or refuse service at any time with notification to the Stallion Owner.

During the time that the stallion is in the custody of or on the premises of SES, SES shall not be liable for any sickness, disease, theft, death, escape, or injury which may be suffered by the stallion, or any other cause of action whatsoever arising out of or connected in any way with the collection of the stallion. This includes, but is not limited to, any injury or disability the stallion may receive while on SES's premises.

The semen collection fee is \$375.00 per collection for shipped semen (shipping box included) or \$350.00 for evaluation or local insemination. This includes semen collection, processing, and the cost of medications used that are necessary for the stallion or tease mare in order to safely collect the stallion.

Fed Ex fees will be billed according to the shipping day and location. Airline shipping fees are \$150.00 per shipment. A courier fee of \$150.00 will apply for each shipment requiring transportation to the airport.

All fees must be paid in full prior to shipping. Fees are expected to be paid by:

- ☐ Mare Owner
- ☐ Stallion Owner

Any fees associated with improving poor quality semen such as, but not limited to, concentrating semen, using special semen extenders, or any additional supplements or medications that the stallion may require are an additional cost and will be the responsibility of the Stallion Owner.
