

Goal

To offer your patients a natural and side effect free faster road to recovery while delivering to your Practice a new source of revenue as well as competitive advantage in the versatility of treatments offered.

“PEMF devices provide a non-invasive form of treatment, both in-office and at home that has been repeatedly found to be safe, effective and affordable”

Department of Neurosurgery, University of New Mexico School of Medicine 2018

PEMF is an investment. It is a tool to help enhance your practice; bringing your patients faster pain relief while providing a high ROI through in office treatments and rentals/purchases for at home use.

Purchase Price per Device

We give a Patient Referral Commission based off of the Practitioner Price and a separate Practitioner Referral Commission while providing a high ROI through in office treatments and rentals/purchases for at home use.

Device	Patient /Retail Price	Practitioner Price	Practitioner Referral Commission
Regenetron	\$3990	\$3700	\$400
Clinic	\$6990	\$6650	\$600
Duo	\$13900	\$13290	\$800
Pro*	\$21500	\$20500	\$1250

In Office Treatment ROI

Days in Operation	250 days/year
Yearly Revenue	\$125,000
ROI	\$104,500
Break Even Point	41 Days

Patient Rentals

Offer your patients the opportunity to rent a PEMF device as part of your at home treatment protocol:

1. Enhances the effectiveness of your treatments
2. Increases the bioavailability of your Nutraceuticals/ Pharmaceuticals
3. They can try it before they buy it
4. Great source of passive income with high ROI

Return on Investment

About our PEMF devices:

1. We are the only US manufacturer to be safety tested and have a ISO certification.
2. Our Devices are currently engaged in clinical trials with the VA to heal pressure ulcers.
3. We have been manufacturing PEMF for over 18 years in the United States and are constantly updating our software and systems.
4. We produce our PEMF devices in the United States in our Warehouse.
5. We work with Integrity and offer exceptional customer service to you and your patients when needed.

Used devices (depending on availability) are available for Purchase at a 15% discounted rate from the *Manufacturer suggested retail price.

Tax Deductible

Under IRS Rule 179 your PEMF Device may be fully depreciated for the year of purchase when used in the conduct of business. A personal deduction is allowed only for expenses paid for the prevention or alleviation of a physical defect or illness. Always speak to your accountant about any tax issues

*Manufacturer suggested retail price is higher than our retail/patient price.
